PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Notification No. J. 3957—Legis. 32-17-4, dated the 25th March 1918, issuing rules in pursuance of Section 2 of the Defence of India Regulation, regarding the control of tanning barks in the State.

2. Government Notification No. G. 25211—P. P. 22-18-77, dated 7th May 1919, withdrawing the control of tanning barks with effect from the 1st July 1919.

3. Correspondence ending with letter No. 71, dated the 8th October 1919, from the Conservator of Forests in Mysore, submitting a report on the control of Tanning Materials in the State during the year 1918-19.

Order No. G. 12590-3—P. P. 10-19-7, dated 1st December 1919.

Recorded.

2. The quantity of bark supplied to the local tanneries in Bangalore, Mysore, Channapatna and Chikballapur, which were engaged in the tanning of hides for war purposes, was 25,210 candies and 168 lbs., valued at Rs. 9,76,814 and that exported to Madras was 6,735 candies and 218 lbs., valued at Rs. 2,42,016.

3. The control of the bark trade was withdrawn from the 1st July 1919.

4. The Conservator of Forests brings to notice the good services rendered by Messrs. Modi Abdul Gaffor Saheb, Secretary of the Bangalore Tanners' Association, T. Boranna, Papanna and Mrs. Puttamma in connection with the control operations. Government are pleased to place on record their appreciation of the good work done by them. The Conservator of Forests is requested to communicate to them the thanks of Government.

Government Depots for Sale of Food Grains.

No. G. 14767-83—P. P. 26-19-67, DATED 29TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 3304-17—P. P. 6-19-35, dated 9th August 1919, directing that the arrangements to sell Burma rice at the Government Depots be continued till the end of December 1919.

2. Correspondence ending with letter No. A 3537, dated 12 December 1919, from the Food Controller in Mysore, submitting for orders a copy of the resolutions of the Central Food Supplies Committee regarding the continuance of the depots, etc.

Order No. G. 14767-83—P. P. 26-19-67, dated 29th December 1919.

Government have considered the recommendations of the Committee and are pleased to order as follows :—

(1) All Government Depots opened for the sale of food grains will be closed from 1st January 1920 or as early as possible, the stocks therein being disposed of in accordance with the instructions already issued on the subject. The Central Government Depot in Bangalore will be retained with a reserve stock from which supplies can be made to any place where there is acute difficulty.

(2) The Frontier Ookads and Frontier Police Establishments on the Bombay Frontier and on the South Canara Frontier in the Hassan and the Kadur Districts and on the Hosur Frontier in the Bangalore District will be continued for the present. The Revenue Commissioner in consultation with the Food Controller and the Deputy Commissioners concerned may arrange to close such of the other ookads as are considered unnecessary by them. The Inspector-General of Police is requested to take similar action in respect of the Frontier Police Establishments.

2. The Central Food Supplies Committee further recommend that a Committee might be appointed for considering the measures necessary for preventing profiteering in food grains. The Government agree that the appointment of such a Committee is very desirable, if not, necessary. The Revenue Commissioner is accordingly requested to submit proposals regarding the composition of the Committee, its functions, etc. A representative of the Mysore Bank will also be included in the Committee.

C S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.

Breeders' Share of Winnings.

No. G. 12693-4—Mily. 151-19-4, dated 2nd December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 5235, dated 12th November 1919, from the Chief Commandant, Mysore State Troops, recommending the purchase of the mare "Madrina" at a cost of Rs. 1.000 from Mr. Tricumdas Gordhandas Khattau of Bombay for the Kunigal Stud Farm, the cost being met out of the earnings of Rs. 4,340 being the breeders' share of the winnings of Kunigal ponies at the Poona race meetings 1919.

Order No. G. 12693-4—Mily. 151-19-4, dated 2nd December 1919.

Government are pleased to direct that the said amount and all similar amounts received in future be credited to a distinct head "Breeders' Share of winnings" in the Kunigal Stud Farm accounts and that the allotment made in the Kunigal Stud Farm Budget of any year under "Purchase of stock" be increased automatically to the extent of earnings under the aforesaid head during that year.

2. The purchase of the mare "Madrina" at a cost of Rs. 1,000 is hereby sanctioned, the cost being met out of the increased allotment of Rs. 4,340 available in the Kunigal Stud Farm Budget in accordance with the foregoing paragraph.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Chief Commandant, Mysore State Troops.
The Comptroller to Government, through Financial Secretariat.

Government Stud Farm at Kunigal.

No. G. 12912-14—Mily. 221-19-3, dated 4th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The annual Report on the Government Stud Farm at Kunigal for the year 1918-19, received from the Chief Commandant, Mysore State Troops, with his letter No. 5073, dated 10th November 1919.

Order No G. 12912-14—Mily. 221-19-3, dated 4th December 1919.

There were on 1st July 1919, 14 stallions, 144 mares, and 111 foals in the Farm as against 12 stallions, 126 mares and 104 foals in the year previous, showing an increase of 2 stallions, 18 mares and 7 foals. The value of the stock on hand is estimated at Rs. 1,32,194.

2. During the year under review 14 horses bred at the Stud Farm were sold at Calcutta at an average price of Rs. 2,603 indicating an increase of about Rs. 900 over the average price per animal secured in the previous year.

3. The cost of maintenance of the Farm and the total realizations amounted to Rs. 65,599 and Rs. 37, 028 respectively, against Rs. 47,816 and Rs. 36,122 in the previous year. The increase in the expenditure on the Farm was due mainly to an increased cost of Rs. 24,128 under "Feed and keep of Live Stock."

4. A successful pony show was held during the year, at which the prizes were distributed by His Excellency Lord Pentland, late Governor of Madras.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 13035-6—Mily. 391-17-7, dated 6th December 1919.

Government direct that in cases of long and continued halts of Military men deputed for duty outside their headquarters, daily allowance at the rates admissible be granted if the period of halt is three months or less and that a monthly allowance at the rate of $\frac{1}{5}$th of the salary be allowed in lieu of daily allowance if the halts exceed three months.

2. Necessary addenda and corrigenda will be issued to the Mysore Service Regulations accordingly.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.
The Comptroller, Mysore Government (thro' Financial Secretariat).

Read—

Letter No. 24, dated 11th—12th September 1919, from the Secretary, Mysore Soldiers' Board, submitting for orders copy of a resolution adopted by the Board at its first meeting held on 30th August 1919, in regard to the facilities to be afforded to wounded soldiers of Mysore Regiments whose wounds reappear.

Order No. G 14436-48—Mily. 159-19-2, dated 23rd December 1919.

Government direct (1) that the wounded soldiers of the Mysore Regiments whose wounds reappear be admitted as in-patients and given free treatment at the hospitals at Bangalore or Mysore or at the District Hospitals, if preferred by the patient, and (2) that the patient, and an attendant should be given the actual charges of transit by road and rail from his town or village to the hospital selected both for the forward and return journey.

2. The Chief Commandant is requested to furnish lists of wounded soldiers with their addresses, etc., to the Deputy Commissioners of Districts concerned, and to the Senior Surgeon.

3. The Deputy Commissioners are requested to issue needful instructions to their subordinate officers for giving wide publicity to this order and for rendering prompt assistance to applicants for relief. The amount required for the despatch of a patient may be drawn from the local Treasury on presentation of a bill as in the case of patients sent to Pasteur Institute, Coonoor, by the Deputy Commissioner, Sub-Division Officer or the Amildar.

4. The expenditure in this connection will be debited during the current year to the mobilization grant of Imperial Service Lancers or Imperial Service Transport Corps as the patient belongs to the former or latter regiment and from the next year to a special new head "concessions to wounded soldiers of the Mysore Imperial Service Troops."

5. The Senior Surgeon is requested to instruct all officers in charge of hospitals and dispensaries to attend promptly to wounded soldiers who apply for assistance and to provide them with the necessary dressings and medicines required during the journey to the selected hospital for treatment.

Money Allotment for Printing Work.

No. G. 12721-80—P. & S. 14-18-60, DATED 3RD DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 2169, dated 3rd March 1919, from the Superintendent, Government Printing, proposing an allocation of the money value of the printing jobs done for the several departments of the State.

2. Government Order No. G. 22280-340—P. & S. 39-18-14, dated 2nd April 1919, directing the transfer to the Government Press Budget of the unspent balance out of amounts specifically provided for "Printing Charges" in the budget for 1918-19 of the several departments (excepting the Economic Conference and its Committees).

3. Government Order No. G. 24287-341—P. & S. 39-18-31, dated 23rd April 1919, directing in modification of the above Government Order that the amount available for "Printing Charges" in the budget for 1918-19 of the several departments (except the Economic Conference and its Committees) be placed at the disposal of the Superintendent, Government Printing, the outlay in respect of it being booked by the Comptroller under the respective major heads.

4. Unofficial note No. 140, dated 31st May 1919, from the Superintendent, Government Printing, suggesting certain modifications in the allocation originally proposed by him.

5. Correspondence ending with communication No. 36, dated the 4th July 1919, from the same officer on the subject.

Order No. G. 12721-80—P. & S. 14-18-60, dated 3rd December 1919.

With a view to regulate the quantity of printing work to be done for the several departments of the State and to limit it to the extent absolutely necessary, the Superintendent has submitted proposals for fixing a money allotment for each department, and for limiting the execution of printing work for each, to the amount thus fixed. Government agree in the view that such an arrangement will be conducive to economy as it will enable the Government Press to foresee the work expected of it and to facilitate the prompt and economical execution of the printing work of the several departments. The Superintendent, Government Stationery Depot, has been instructed separately to maintain a ledger on a money basis for all supplies made from the Stationery Depot to the several departments and Government consider that a similar arrangement may be introduced in the Press also with advantage. They are accordingly pleased to direct the Superintendent to maintain a ledger showing the printing work done for each department with its value, as per valuation system in force in the Press, and to execute works for the several departments up to the limit of the maximum as shown in annexure A. The debit and balance of this allotment will be communicated to the Head of the Department concerned once a quarter. When the allotment fixed for any department is nearly worked out the Superintendent will give timely intimation to the department concerned to enable it to scrutinise carefully its requirements for the rest of the year with a view to avoid any excess over the prescribed allotment. If, however, any department requires any special work to be executed immediately in excess of the allotment fixed for it, the department should find funds for such extra work from its own budget and the Superintendent will then arrange for its execution either in the Government Press or at any Private Press as may be convenient.

2. The Superintendent will report at the end of the year how the arrangement now sanctioned has worked and what difficulties, if any, have been experienced in working out the scheme.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Secretaries to Government.
The Superintendent, Government Printing.
The Heads of Departments.
The Deputy Commissioners of Districts.

READ—

Government Order No. G. 11220-80—P. & S. 46-18-30, dated 12th December 1918, prescribing a standard Pocket Diary for use in the various departments of the State, except the Judicial and the Police, and directing the Superintendent, Government Printing, to get copies of the diary printed for 1919, and supply them to the various departments on receipt of indents and stating that suggestions for the improvement of the diary for 1920, may be forwarded for consideration before the 30th September 1919.

2. Letter No. Gl. C. 5362 of 18-19, dated 8th July 1919, from the Inspector-General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture, stating that the diary issued by Government for 1919 is too small for making detailed notes of work done, etc., day to day, and requesting that the various inspecting officers of his department may be allowed to purchase out of their contingencies a copy each of Lett's No. 49, Diary for 1920, in addition to those supplied by Government.

3. Correspondence ending with letters Nos. R. Dis. 72—Gl., dated 31st August/2nd September 1919, D2 Dis. No. 540 of 19—20, dated 1st/3rd October 1919, C. 5362 of 18—9, dated 31st October 1919 and R. O. C. No. 314 of 19—20, dated the 15th November 919, from the Revenue Commissioner, the Registrar, Chief Court of Mysore, the Inspector-General of Education and the Inspector-General of Police, respectively, in the matter of issuing a diary of a larger size for 1920.

Order No. G. 13214-73—P. & S. 35-19-7, dated 8th December 1919.

Government are pleased to sanction the issue of two sizes of diaries for 1920, and direct the Superintendent, Government Printing, to get printed the number of copies of the diaries for 1920, required in accordance with the indents of the departments. Four hundred of the diaries should be of the size of Lett's No. 49 Diary, and they should be distributed as follows:—

Revenue Commissioner in Mysore	150
Inspector-General of Education	65
Registrar, Chief Court	67
Secretariat	40
To be issued on indents from other departments ..	78

In addition to the information contained in the diary for 1919, the latest Government Orders, regarding Durbar Precedence List and Durbar Dress Regulation may be printed in the diary for 1920 ; (copies of these are herewith sent for the reference of the Superintendent).

2. Government further direct that the local purchase of diaries by the various departments other than the Police should not in future be permitted.

3. The cost of the diaries supplied to the several officers on indent will be intimated by the Superintendent, Government Printing, to the Officers concerned and should be debited to the contingencies of the various departmental offices concerned.

GENERAL AND REVENUE DEPARTMENTS.

Read —

Government Order No. G. 21536-95, P. & S. 58-18-6, dated the 26th March 1919, directing that indents for less than 100 spare copies of the notifications or notices published in the Gazette should not be sent to the Government Press.

2. Letter No. 2266-186, dated 5th September 1919, from the Director of Industries and Commerce, requesting that all indents for spare copies of all notices calling for tenders may be directed to be complied with.

3. Letter No. 4811, dated the 1st November 1919, from the Chief Engineer, requesting that indents may be permitted to be sent when a minimum of 25 spare copies are required in the case of notices calling for tenders for the execution of works, and also suggesting that abstract notices might be permitted to be printed in all such cases in two subsequent issues of the Gazette, as the Compiler refuses to publish them in spite of Government Order No. 16999-17008—G. F. 38 98, dated 20th June 1901, in this behalf.

Order No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919.

Government direct that the restriction laid down in the Government Order of the 26th March 1919, should not apply to cases of spare copies of notices calling for tenders under the rules for purchase of stores or for tenders for the execution of works. Officers indenting for such spare copies should however see that only the required number of spare copies are indented for and that indents are avoided when only a few copies of the notices are required and they can be made available by the use of carbon sheets simultaneously with the preparation of the copy for the Gazette.

2. The procedure prescribed in the Government Order of 20th June 1901 referred to above, in regard to the publication of abstract notices should be followed by the Compiler, *Mysore Gazette*.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Bangalore, dated 23rd December 1919.

From

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore.

To

All Heads of Departments,
and the Deputy Commissioners of Districts.

SIR,

I am directed to invite reference to this office Memo No. G. 23556-610, dated 15th April 1919, forwarding copy of Government Order No. G. 23554-5 —P. & S. 9-18-140, of the same date on the subject of the economical use of carbon papers. It has since been brought to the notice of Government that the marginally noted arrangement which is now being adopted in the Office of the Inspector-General of Education, in the matter of getting several copies of letters, etc., is found to be convenient and economical.

(*a*) When the number of copies is less than 50 and the matter short.	To have them typed, getting not more than 6 or 7 copies at a time.
(*b*) When the number of copies is more than 20 and less than 50 and the matter long.	To get them cyclo-styled.
(*c*) In case the number of copies is more than 50 whether the matter be long or short.	Do do

2. I am accordingly to suggest that the same arrangement may be followed in your department also, in modification of the instructions already conveyed in the memo of the 15th April 1919 referred to above.

I have the honor to be,
Sir,
Your most obedient servant,

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

Exd.—C. R.

Charge Allowance.

No. G. 13505-6—MEDL. 36-19-3, DATED 10TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on the working of Hospitals and Dispensaries in the State for the calendar year 1918, received with Senior Surgeon's letter No. Pl. Dis. 33, dated 12th August 1919.

Order No. G. 13505-6—Medl. 36-19-3, dated 10th December 1919.

Recorded.

2. Rajakaryapravina Rao Bahadur T. V. Arumugam Mudaliar was in charge of the department throughout the year.

3. The total number of medical institutions in the State working at the close of the year was 178, *i.e.*, four more than at the beginning of the year. Four Railway dispensaries were opened and one Stationary Dispensary was made semi-itinerant. There are besides a number of Ayurvedic and Unani Dispensaries which are in receipt of grants from the Government and the District Boards. It is a matter for regret that the Aided Zenana Hospital at Channapatna ceased to work during the year.

4. Having regard to the area and population of the State, the number of medical institutions gives an average of one institution for every 165 square miles of area and 32,056 of population. As this provision was considered inadequate, a Committee was appointed soon after the close of the year under review to consider and submit proposals *re* the extension of medical relief and a report on the subject which the Committee has submitted is now under the consideration of Government.

5. The total number of patients treated in the State public, Local Fund and Municipal and private aided institutions during the year was 1,881,504 of whom 19,628 were in-patients. These figures show an increase of 220,592 and 6,853 respectively over those of the previous year. The deaths among the in-patients were also larger during the year being 9·68 per cent as against 6·01 during 1917. The increase in all these cases is explained as having been due to the Influenza epidemic and the admission of more in-patients into the hospitals in consequence.

The largest number of outpatients 301,315 were under "all other infective diseases" which include Influenza, the next largest 264,332 being under Malaria which, but for the Influenza epidemic would, as usual, occupy the first place.

The total number of patients that were treated in the Unani Dispensaries and Ayurvedic Vaidyasalas for which information has been received is reported as 393,540.

The number of patients on whom surgical operations were performed during the year was 46,794 as against 45,139 in 1917 and of these 38,866 were cured, 4,354 of the operations were major operations.

6. The number of midwives working during the year was 136, *i.e.*, two more than in 1917 and the average number of cases attended to by each midwife during the year was 62 as against 64 in 1917. The total number of cases attended to being 8,326 as against 8,542 in 1917. The number of deaths out of these cases was 68 as against 36 in the previous year.

Ten Victoria or Dufferin Fund Scholars and ten pupil midwives were under training in the Maternity Hospital, Bangalore, and seven pupils of the previous year and thirteen newly admitted in the Vani Vilas Hospital, Mysore. Four barber women previously admitted for training in the Maternity Hospital, Robertsonpet, having passed out during the year, four new admissions for training were made.

7. *Special Hospitals.*—The number of out-door patients treated in the Maternity Hospitals at Bangalore, Mysore and Robertsonpet was 16,712, 11,842 and 18,190, respectively, the number of in-door patients being 933, 657 and 736 respectively, showing a total increase of 1,166, 1,548 and 980 respectively, over those of last year.

The number of in-patients and out-patients treated in the Minto Ophthalmic Hospital was 1,779 and 15,405 respectively being 33 and 302 less than in 1917. The decrease is attributed to the prevalence of Influenza towards the close of the year under review.

No. G. 13505-6--Medl. 36-19-3, dated 10th December 1919.

The Isolation Hospital and the Leper Asylum at Bangalore were as usual under the control of the City Municipality during the year under review. The number of patients treated in the former was 655 as against 465 in 1917 and the cost per head per diem was Re. 0-11-7 as against Re. 0-9-11 in 1917.

The number of inmates in the Leper Asylum was 75 inclusive of those who continued from the previous year and of this number 46 were discharged during the year and 9 died. The total cost of the institution was Rs. 4,231-13-3 as against Rs. 3,599-10-2 in the previous year. The total number of the lepers of the Civil and Military Station in the Asylum during the year was 13. The cost per head was Re. 0-8-2 per diem as against Re. 0-7-1 during 1917.

The number of lunatics in the Lunatic Asylum was 269 (of which 193 were males and 76 females) as against 273 in 1917 and 60 of them were discharged. Of these 269 inmates, 91 were lunatics of the Civil and Military Station. The total expenditure on the institution during the year was Rs. 39,423-4-4 as against Rs. 47,327-13-8 during 1917.

8. *Medical Stores.*—The Medical Stores made purchases of the total value of Rs. 1,83,502 during the year, of which Rs. 10,943 was the cost of country medicines and the rest of Europe medicines. Nearly Rs. 25,000 worth of medicines were distributed in connection with the Influenza epidemic.

9. *Influenza.*—The operations undertaken in connection with the Influenza epidemic of last year have been reviewed by Government in their Order No. 19409-21—Med. 56-18-96, dated 4th March 1919. The total number of deaths recorded as due to the disease is stated as 258,771 or 34 per mille of the population. The total expenditure on measures undertaken for Influenza relief amounted to Rs. 81,407.

10. *Expenditure.*—The expenditure in the medical department under all heads amounted to Rs. 6,37,152, of which Rs. 5,04,343 was contributed from State Funds and Rs. 1,21,099 from Local Funds the remainder being from miscellaneous receipts. Of this last item, the larger portion, *viz.*, Rs. 13,224 was from the fees recovered in the medical institutions in Bangalore and Mysore Cities from persons liable to pay under Government Order No. 3820-70—Med. 231-13-4, dated 26th November 191[illegible]. A small portion of this was received from persons using the special pay wards of the Victoria Hospital, Bangalore, which having been found useful were sanctioned permanently in November 1918. The total expenditure in the department was on the whole Rs. 1,29,417 more than in 1917 and the increase was due mainly to increased expenditure on establishments and diet charges.

11. *Medical Staff.*—Two officers of the rank of surgeons retired during the year. One Honorary Assistant Surgeon died. The total number of Surgeons, Assistant Surgeons and Sub-Assistant Surgeons including Lady Apothecaries in the department at the close of the year was 16, 35 and 190 respectively.

The staff of the department was reorganised during the year improving the pay and prospects of all grades of medical officers and subordinates except compounders. Orders have since issued improving the pay and prospects of this class of medical subordinates also. By the reorganisation, the number of Surgeoncies was increased from 7 to 16 and Assistant Surgeoncies from 29 to 34 and a separate class of medical graduates was formed on a pay ranging from Rs. 80 to 100.

12. *Conclusion.* It is observed that no mention is made in the report of the Medical School at Bangalore. A brief statement regarding its working should be included in future reports.

Almost all the dispensaries were inspected during the year by the District Medical Officers. Government are glad to observe that a fair amount of itineration was done by the Senior Surgeon and that he inspected as many as 97 hospitals and dispensaries.

Government regret to observe that there was great delay in the submission of the Annual Report which was received in the Secretariat on 18th August 1919 and the statistical returns being submitted a month later. Government hope that such delay will be avoided in future.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

PRESS TABLE.

Pauper Patients.

No. G. 14691-700—Med. 126-13-14, dated 26th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 14691-700—Med. 126-18-14, dated 26th December 1919.

Government have had under their consideration for some time past the question of affording facilities (1) for sending pauper patients to the District Headquarters Hospital to undergo operations there or for expert medical treatment and for returning them to their homes after their treatment is over and (2) for sending indigent patients for expert medical treatment or for operation in serious cases from District Headquarter Hospitals or from hospitals in the mofussil to the big State Hospitals at Bangalore and Mysore and for their return to their homes.

2. As a beginning, Government are pleased (1) to empower each Taluk Board to sanction from its budget up to an aggregate amount of Rs. 10 per annum to meet the charges of sending pauper patients to the District Headquarter Hospitals and for their return to their homes, (2) to sanction an expenditure up to Rs. 25 per annum by each District Headquarter Hospital out of contingencies for sending indigent patients in bad cases to the Hospitals at Bangalore and Mysore, (3) to authorise the medical officers in charge of the Victoria and Minto Hospitals at Bangalore and Krishnaraja Hospital, Mysore, to incur an expenditure from contingencies up to Rs. 50 per annum for sending back pauper patients to their homes after treatment in cases where such charges cannot be met from the Hospital Poor Fund.

3. The Senior Surgeon is also requested to submit at the end of June 1920 a report on the working of these arrangements.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 8036-84—Med. 24-13-13, dated 24th February 1914, sanctioning among other matters, the constitution of a Committee in each of the districts of Shimoga, Kadur and Hassan, with the Deputy Commissioner as President, and Special Revenue Officer as Secretary, containing selected non-official members not exceeding 3 for each district, the total strength of each Committee not exceeding 9 members; and directing that for ensuring proper co-ordination of work and uniformity of operation in the three districts, the three Committees should meet at a central place once every quarter for discussing all important questions connected with the several schemes, the senior among the three Deputy Commissioners being President at such meeting.

2. Government Order No. 541-9—Med. 24-13-107, dated 11th July 1914, directing (*a*) that the Central Committee should consist of twelve members, both official and non-official, Shimoga, Kadur and Hassan Districts, sending 5, 4 and 3 representatives, respectively, in addition to the Sanitary Commissioner and Col. Foulkes, that it should meet once in four months, and (*b*) that each District Committees should consist of not less than 9 and not more than 12 members and that it should meet once in two months.

3. Government Order No. 1929-39—Med. 24-13-118, dated 20th August 1914, directing that the Special Revenue Officer in charge of the operations under the scheme in all the three districts and Secretary to all the three District Committees, be thereafter Special Revenue Officer for Shimoga District only and Secretary to the Shimoga District Committee and Central Committee and that a separate Special Revenue Officer with headquarters at Chikmagalur be appointed for the Kadur and Hassan Districts, this officer being also the Secretary to the Committees of those districts.

4. Government Order No. 8221-4—San. 116-14-2, dated 21st April 1915, directing that the meetings of the Central Committee should be held at the discretion of the Committee in any one of the four places, Birur, Arsikere, Shimoga and Tarikere.

5. Government Order No. 3322-33—San. 39-15-2, dated 3rd November 1915, directing that the District Committees should consist of not less than 9 and not more than 14 members.

6. Government Order No. 6561-3—San. 72-17-2, dated 22nd May 1918, sanctioning the continuance of the Malnad Improvement Scheme for a further period of five years.

7. Government Order No. 4040-44—San. 125-17-6, dated 24th August 1918, appointing the Revenue Sub-Division Officer, Saklespur, as the Special Revenue Officer for Malnad Improvement Work in the Hassan District in addition to his duties.

8. Notification No. 420—C. B. 4-18-30, dated 22nd November 1918, directing that the Malnad Improvement Work in Kadur District be attended to by the respective Sub-Division Officers.

9. Government Order No. 18393-4—San. 31-18-4, dated 24th February 1919, directing that the Treasury Assistant Commissioner and Personal Assistant to the Deputy Commissioner, Kadur District, should be the Secretary, and that the Sub-Division Officers of Tarikere and Chikmagalur should be members of the Kadur District Committee.

10. Government Order No. 27991-3—San. 103-18-2, dated 16th June 1919, directing that the Sub-Division Officers at Shimoga and Sagar should attend to Malnad Improvement Work in their respective Sub-Divisions and that the Personal Assistant to Deputy Commissioner should be the Secretary both to the Malnad Improvement Central Committee and to the Shimoga District Committee.

11. Letters as noted in the margin from the Deputy Commissioners and Chairmen of the Malnad Improvement Committees of Kadur and Hassan Districts forwarding, for approval, a list of official and non-official members selected to represent the District Committees at the Central Committee during 1919-20.

Letter No. 5, dated 9th July 1919 from the Deputy Commissioner and Chairman, Kadur District
Letter No. 5, dated 21st May 1919, from the Deputy Commissioner and Chairman, Hassan District.

N. G. 13757-67—San. 8-19-5, dated 12th December 1919.

12. **Letters as noted in the margin from the Deputy Commissioners and Chairmen of the Malnad Improvement Committees of Shimoga, Kadur and Hassan Districts, forwarding for approval, a list of official and non-official members selected to constitute the several District Committees during 1919-20.**

Letter No. C. 53, dated 4/5th August 1919, from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Shimoga District.

Letter No. 4, dated 9th July 1919, from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Kadur District.

Letter No. 4, dated 21st July 1919, from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Hassan District.

Order No. G. 13757-67—San. 8-19-5, dated 12th December 1919.

The Malnad Improvement Scheme was first sanctioned in 1914, and in the Government Order dated May 1918 read above, Government revised the Scheme and laid down afresh, the lines on which it should be worked. It has since been felt that the plan of work and the organization, as modified in that order, are still in need of revision in particular points,—one of these being the constitution of the Central and District Committees for Malnad Improvements. Proposals have been made in the Representative Assembly and outside for the reconstitution of the Committees and Government, after a careful consideration of the whole question, have come to the conclusion that the Malnad Improvement Central Committee as now constituted has certain drawbacks which require to be remedied. At present it is presided over by the Senior among the Deputy Commissioners of the three Malnad Districts and this arrangement has the obvious disadvantages that the Deputy Commissioner of one district has no adequate idea of the conditions prevailing in the two other districts and that every change among these officers also involves a change of Presidentship of the Committee. Again the Central Committee has to formulate schemes both in the preparation and the execution of which the co-operation of several Heads of Departments is essential. Sanitation and Medical relief figure prominently in its programme, the formation of village forests is necessary as part of improvement work and the opening up of the country and the development of Malnad Industries are also important parts of the work of the Committee. But the Committee as at present constituted cannot, except by correspondence, have the views of the various Heads of Departments concerned and the execution of schemes prepared without personal consultation is also apt to be delayed. These remarks apply partly to the District Committees also, though in a smaller degree. With a view to remedy these drawbacks, Government are pleased to order a reconstitution of the Committees as follows :—

A. Central Committee.

President.—A Member of Government.

Members—Officials.

1. Deputy Commissioner, Shimoga District.
2. Deputy Commissioner, Kadur District.
3. Deputy Commissioner, Hassan District.
4. Senior Surgeon in Mysore.
5. Sanitary Commissioner in Mysore.
6. Conservator of Forests in Mysore.
7. Chief Engineer in Mysore.
8. Director of Agriculture.
9. Director of Industries and Commerce.
10. Revenue Commissioner in Mysore.
11. Chief Secretary to Government.

Non-officials.—12—17. Six non-official representatives, two from each district.

Secretary:—One of the Assistant Secretaries to Government.

The Central Committee may meet once in three months in one of the three district headquarter towns or at Bangalore.

No. G. 13757-67—San: 8-19-5, dated 12th December 1919.

B. District Committee.

Chairman.

Deputy Commissioner of the District.

Members.—Officials.

(*a*) Sub-Division Officers of Revenue Sub-Divisions.
(*b*) District Sanitary Officer.
(*c*) District Medical Officer.
(*d*) Executive Engineer.
(*e*) Secretary to the District Board in economic matters.
(*f*) District Forest Officer.

Non-officials.

(*g*) One non-official representative from each of the Malnad Taluks.

Secretary.

Treasury Assistant Commissioner.

2. The Deputy Commissioners and Chairmen of the Malnad Improvement Committees of Shimoga, Kadur and Hassan Districts are requested to submit, at an early date, for the approval of Government, a list of names of non-official representatives selected both for the Central and District Committees for the year 1919-20.

3. Separate orders will issue regarding other matters connected with the scheme.

C. S. BALASUNDARAM IYER
Chief Secretary to Government.

To—The Deputy Commissioners and Chairmen of the Districts of Shimoga, Kadur and Hassan.
The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Chief Engineer in Mysore.
The Director of Agriculture in Mysore.
The Director of Industries and Commerce in Mysore.
The Revenue Commissioner in Mysore.

Rule 3 of rules to regulate the working of the Compulsory Vaccination Regulation of 1906, issued with Notification No. 293—Med. (43-06), dated 11th July 1907.

2. Letter No. G. C. 85-2, dated 17th October 1919, from the Sanitary Commissioner in Mysore, stating that in framing the rules the conditions in towns seem to have been kept in view and that even there the Health Officer has generally no medical duties to perform and proposing suitable amendment of the rule.

Order No. G. 12875-86—San. 48-19-3, dated 4th December 1919.

Government approve of the change proposed in Rule 3. The rule as revised will read as follows:—

* * * *

* * * *

Such Superintendent shall usually be the Health Officer of the locality or in the absence of such an officer a duly qualified Sanitary Inspector and when no such Sanitary Officer is available the local Medical Officer.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Presidents of City Municial Councils of Bangalore and Mysore.
The Sanitary Board, Kolar Gold Fields.

Reports from the District Magistrates of Districts on the working of the Merchandise Marks Regulation, 1892, during the year 1918-19.

Order No. G. 14100-7—Legis. 10-19-9, dated 20th December 1919.

Recorded.

2. The number of cases in which the difference between the described and actual lengths was in excess of the variations permitted under the rules was 3 in the Kolar District, 16 in the Bangalore District, 6 in the Kadur District and 7 in the Shimoga District. The District Magistrates do not, however, report whether any action under the Mysore Merchandise Marks Regulation, 1892, was taken against the shop-owners in these cases. In this connection, the attention of the District Magistrates is also drawn to the last sentence of para 2 of Government Order No. G. 22423-30—Legis. 13-18-9, dated 3rd April 1919, reviewing the reports for 1917-18.

3 The statement received from the District Magistrate of Hassan District does not give the described lengths of the pieces examined. Government regret that this omission has not been rectified in spite of its having been pointed out in the reviews of the two previous years and hope that the District Magistrate will not fail to furnish this information in future reports.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The District Magistrates of Districts.

Reports from the District Magistrates of Districts on the condition of ponies employed in carrying mails and passengers in their several districts for the half-year ending 30th June 1919.

Order No. G. 13799-806—Cts. 1-19-9, dated 13th December 1919.

Recorded.

2. There was only one case of prosecution in the Kolar District during the half-year.

3. The District Magistrate, Tumkur District, suggests the desirability of joint inspection by the Assistant Veterinary Inspectors and Police Officers. Government consider that it would be sufficient if the results of the inspection by the respective Veterinary Inspectors are communicated to the Police for information and necessary action. The Deputy Commissioners will issue instructions to the Veterinary Inspectors and the Police for taking prompt action in the matter.

Establishment of the Minor Parks and Gardens.

No. G. 13610-4—G. M. 178-16-41, DATED 11TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5143—B. 481, dated the 28th December 1916, from the Comptroller to Government, forwarding in duplicate, duly verified, the proposition statement relating to the revision of establishment of the Cubbon Park, received from the Superintendent, Government Gardens, with his letter No. 487, dated 18th December 1916.

2. Letter No. 5167, dated the 30th December 1916, from the Comptroller to Government, forwarding in duplicate, duly verified, the proposition statement relating to the revision of the establishment of the Government Gardens at Mysore, received from the Superintendent, Government Gardens, with his letter No. 498, dated the 21st December 1916.

3. Letter No. 5166, dated the 29th December 1918, from the Comptroller to Government, forwarding in duplicate, the proposition statement relating to the revision of establishment of the Daria Dowlat Bagh, Seringapatam, received from the Superintendent, Government Gardens, with his letter No. 503, dated the 22nd December 1916.

4. Letter No. 7912—B. & R. 783, dated the 14th March 1917, from the Comptroller to Government, forwarding in duplicate the proposition statement relating to the revision of the establishment of the Gardens behind the Public Offices and Oriental Library Buildings at Mysore.

5. Government Order No. G. 15788-9—G. M. 178-16-36, dated the 22nd May 1918, sanctioning the revision of the establishment of the Gardens Department (Lal-Bagh).

6. Further correspondence ending with letter No. 1337, dated 2nd April 1919, from the Assistant Superintendent, Government Gardens, forwarding modified proposals for the revision of the staff of the Minor Parks and Gardens referred to above, with proposition statements verified by the Comptroller.

Order No. G. 13610-4—G. M. 178-16-41, dated 11th December 1919.

The revision of the establishments proposed in the letter of the Assistant Superintendent, dated 2nd April 1919, read above, with certain modifications as indicated in the annexed statement, is sanctioned with effect from 1st January 1920. No provision is made in the statement for the University garden and the Railway Offices garden, as these should be maintained by the Departments concerned.

2. Government also consider that the Law Courts garden be looked after by the Judicial Department. The Assistant Superintendent, Government Gardens, will, in communication with the Registrar of the Chief Court, arrange to hand it over to that Department and submit a report of having done so. Meanwhile, the establishment provided in the statement for this garden may be entertained temporarily, till it is handed over to the Judicial Department.

3. The extra cost involved will be met from the provision made therefor in the current year's budget.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Assistant Superintendent, Government Gardens.
The Comptroller to Government, through Financial Secretariat.
The Registrar, Mysore University.
The Registrar, Chief Court of Mysore.
The Secretary to Government, Railway Department.

No. G. 13162—G. M. 69-19-3, DATED 8TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 28, dated 1st September 1919, from the Assistant Superintendent, Government Museum, forwarding the report on the working of the Museum for the year 1918-19.

Order No. G. 13162—G. M. 69-19-3, dated 8th December 1919.

Recorded.

2. The General Administration of the department has been placed under the control of the Chief Secretary to Government since November 1918.

3. There was an increase in the number of visitors to the Museum by 29,059 in the year under review.

4. Thirty-eight new exhibits were added during the year. The thanks of Government may be conveyed to the several donors for their gifts.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. G. 7212-60—G. M. 362-16-1, dated 1st December 1916, directing the holding of a Second Session of the Representative Assembly every year and issuing instructions regarding the discussion of subjects at the said Session.

Order No. G. 13053-122—R. A. 49-18-4, dated 6th December 1919.

Government are pleased to direct that, in future, the Second Session of the Representative Assembly be held at Mysore, a few days immediately before the Birthday of His Highness the Maharaja every year, and that it shall be styled the Birthday Session of the Representative Assembly.

2. The Session shall not exceed five days in duration.

3. The subjects to be discussed at this Session will not exceed 100, including those remaining over from the previous Dasara Session.

4. On all matters not herein provided for, the rules hitherto relating to the conduct of business at the Second Session of the Assembly will apply so far as they are consistent with the arrangements now ordered.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Reviews the Report on the working of Department of Mines.

No. G. 14285-7—Geol. 38-19-6, DATED 22ND DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Department of Mines during the year 1918-19, received with letter No. 929, dated 30th September 1919, from the Director, Department of Mines and Geology.

Order No. G. 14285-7—Geol. 38-19-6, dated 22nd December 1919.

Dr. W. F. Smeeth, M.A., D.SC., Director, Department of Mines and Geology, who was on deputation in England and America, since April 1918, returned to duty on 25th November 1918. During the period of Dr. Smeeth's absence on deputation, Mr. R. Bocquet continued to be in charge of the Mines Department.

2. *Mining and Prospecting.*—The number of mining leases current during the year 1918-19 was 31 as against 32 in the previous year and the number of prospecting licenses 63 as against 69. Of the prospecting licenses 34 ceased to be operative at the close of the year.

The number of exploring licenses current during the year 1918-19 was 18 as against 12 in the previous year.

3. Only six of the mining leases were for minerals other than gold 2 being for manganese and 4 for magnesite and chrome. Good work was done under these leases during the year. The work done under leases and licenses for these and other minerals is reviewed in connection with the work of the Geological Department.

4. An annual inspection of the accounts of the mining companies on the Kolar Gold Fields on behalf of the Government as lessers under clause 17 of the agreement was ordered to be held for the first time with the concurrence of the Directors of the Companies.

5. *Gold Mining.*—As in the previous year only 5 of the mines on the Kolar Gold Field, *viz.*, the Mysore, Champion, Ooregum, Nundydroog and Balaghat Mines produced gold, and no work was done on gold blocks outside the Kolar Gold Field area.

6. Although hostilities ceased and peace was declared during the year, conditions are reported to be still far from favourable to the mining industry in general owing to difficulties in regard to supplies, shortage of skilled labour and the high rate of exchange, etc.

7. The total output of bar gold during the year 1918 was 504,411·61 ounces as against 536,558·72 ounces in the previous year, showing a decrease of 32,147·11. The total value of bullion produced during the year 1918 amounted to £1,935,406-11-6 as against £2,066,005-18-0 in 1917. The royalty payable to Government on the gold won during the year 1918 was £106,837-4-8 as against £118,626-1-6 showing a decrease of £117,88-16-10.

8. Negotiations are reported to have been concluded whereby approximately one half of the monthly production of gold will be disposed of in India at a rate of Rs. 55-8-0 per standard ounce, the value of which represents roughly the local monthly expenditure.

9. *Inspection of Mines.*—During the calendar year the number of persons employed in the mining industry was 26,371 as against 26,425 in the previous calendar year. Of these 24,517 were engaged in gold mining against 24,531 in the previous year.

10. The total number of accidents reported for the year 1918 was 158 as against 172 during the previous year. Of these accidents 53 were fatal, 97 serious and 8 non-mining. The total number of fatal and serious accidents was therefore 150 being at the rate of 5·69 per 1,000 persons employed as against 164 or a rate of 6·21 per 1,000 persons employed during the previous year. The number of persons killed in 53 fatal accidents was 71. The mortality was thus 2·69 per 1,000 employed as against a mortality of 2·61 per 1,000 employed during 1917.

N. G. 14285-7—GEOL. 38-19-6, DATED 22ND DECEMBER 1919.

11. There were five individual accidents involving two or more fatalities, 4 of those occurring at the Mysore Mine and 1 at Champion Reef. In these 5 cases 23 persons lost their lives, the three most serious accounting for 3, 3 and 13 fatalities respectively.

12. Thirteen persons were killed in 10 accidents due to rock bursts, the corresponding figures for the previous year being 16 and 10.

13. Five persons were prosecuted for breaches of the Mysore Mines Regulation and the rules thereunder and all convicted. Twenty-nine persons were departmentally punished for less serious offences connected with 22 accidents by fines or by the cancellation or suspension of certificates.

14. The scheme relating to the payment of compensation to persons for injuries caused to them in accidents is reported to have worked satisfactorily, the amount paid in such cases having been Rs. 69,236-0-0.

15. Of 795 candidates who qualified themselves for certificates, 482 were for Mestries, 235 for Blasters, 59 for Engine drivers of the 1st class and 19 for Engine drivers of the 2nd class.

NO. G. 14282-4—GEOL. 38-19-5, DATED 22ND DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Department of Geology during the year 1918-19, received with the Director's letter No. 791, dated 13th September 1919.

Order No. G. 14282-4—Geol. 38-19-5, dated 22nd December 1919.

Dr. W. F. Smeeth, M.A., D.SC., Director, Department of Mines and Geology, who had been on deputation in England and America since April 1918, returned and resumed charge of his duties on 25th November 1918. During his absence on deputation, Mr. B. Jaya Ram continued to be in charge of the Department.

2. The Department continued to devote special attention to mineral exploration and survey work and to investigations connected with the development of mineral industries.

3. Government in their Order No. G. 6231-32—Geol. 6-17-18, dated the 25th September 1918, formed a committee consisting of the Director, Department of Mines and Geology, the Director of Industries and Commerce, the Chief Secretrry to Government and the Secretary to the Economic Conference to study the question of mineral exploitation in the State and to submit proposals in regard to the policy to be adopted for the disposal of applications for mineral licenses, leases and concessions. The report of the committee has since been received and is under the consideration of Government.

4. With a view to encourage local work in iron industry, rules have been passed for yearly permits for the removal of iron ore for local use from specified areas being issued by Deputy Commissioners in consultation with the Department of Mines and Geology.

5. Certain areas of Kaolin deposits in Bangalore, Hoskote and Anekal Taluks have been reserved for a period of two years for purposes of investigation by the Department of Industries and Commerce.

6. An annual inspection for the first time of the accounts of the Mining Companies on the Kolar Gold Fields under clause 17 of the agreements on behalf of Government was ordered to be held with the concurrence of the Directors of the Companies.

7. The total area held under mining leases and prospecting licenses during the year 1918-19 was 75,770 acres and the rents received thereunder amounted to Rs. 14,905½.

GOLD MINING.

8. As in the previous year 5 mines on the Kolar Gold Field, *viz.*, Mysore, Champion, Ooregum, Nundydroog and Balaghat produced gold and no work was done on gold blocks outside the Kolar Gold Field area.

9. The total output of bar gold during 1918-19 was 487,484 ounces of an approximate value of Rs. 2,59,01,053 compared with 524,264 ounces of the value of Rs. 3,01,45,365 in 1917-18, showing a decrease of 36,780 ounces in output and Rs. 4,244,312 in value. The total amount of royalty payable to Government is approximately Rs. 14,54,285 against Rs. 17,23,943 in the previous year.

MANGANESE.

10. Two mining leases and 16 prospecting licenses were current during the year as against 2 mining leases and 20 prospecting licenses in the previous year. The quantities of ore collected and exported were 22,472·64 and 1,476·68 tons respectively as against 31,331 and 7,259 tons in the previous year. The royalty payable to Government on the ore removed is Rs. 922-14-10 against Rs. 4,537 in the previous year.

No. G. 14282-4—Geol, 38-19-5, dated 22nd December 1919.

Chrome.

11. Four mining leases and 15 prospecting licenses were current during the year as against 4 mining leases and 9 prospecting licenses in the previous year. There was increased activity in the exploitation of this mineral during the year on account of a large demand for the ore for war purposes. The quantities of ore collected and exported were 58,494 and 18,945·66 tons respectively as against 12,443 and 8,359 tons in the previous year. The bulk of ore raised was obtained from two blocks in the Hassan District. The royalty payable to Government on the ore exported is Rs. 15,153 as against Rs. 6,006 in the previous year.

Magnesite.

12. Four mining leases and 8 prospecting licenses were current during the year. The quantities of ore collected and exported were 2,426 and 2,484 tons, respectively, as against 50 and 1,917 in the previous year. The royalty payable to Government is Rs. 1,552 as against Rs. 1,198 in the preceding year.

Kaolin.

13. Eight prospecting licenses were current for Kaolin during the year as against 9 in the previous year. The quantities of the material collected and removed for purposes of local manufacture were 2,046 and 1,841 tons respectively against 2,072 and 1,664 tons in the previous year.

Geological Survey.

14. Only one officer was available for survey work and he spent the field season on revision work in the Districts of Shimoga and Kadur. One of the items of work done under this head during the year was in connection with the tracing of possible extensions of the Champion Gneiss series from what has been mapped previously as Peninsular Gneiss and the tracing of extensions of the former amongst the various chists of this area.

15. A good deal of attention was bestowed on the possible extension of the manganese bearing areas but practically all the ores examined are reported to be of low grade rich in iron and passing into manganiferous iron ores.

Prospecting and Economic Enquiries.

16. A number of investigations was carried on in connection with the possibilities of developing mineral industries in the State and a sum of Rs. 5,000 was placed at the disposal of the Department, for work connected with earth soda, graphite and limestone deposits.

Sodium Carbonate.

17. Experimental work with the deposits of alkaline earth in the Mandya area was continued and 200 tons of soda earth was collected and treated and yielded tons of soda. The yield of soda per ton of material was about one-half of what it was last year.

18. Several localities in other parts of the State, *viz.*, Sira, Huliyar, Chitaldrug, Challakere, Jagalur, Hiriyur and Hosdurga were also examined with a view to locate other deposits which could be worked on a commercial scale. Promising deposits were noticed in a few of the above localities and samples of soda earth obtained for analyses.

Graphite.

19. Examination of the material obtained from the graphite deposits near Ganacharpur in the Bowringpet Taluk, which was investigated by the Department, showed that the graphite was not suited for any high class work. Some graphite deposits near Chettanahalli, Mysore Taluk, yielded material containing a high percentage of carbon but the quantity available is reported to be comparatively small. Prospecting for graphite was also done at Saragur in the Heggaddevankote Taluk and a preliminary examination of certain areas in the Koratagere Sub-Taluk was also made.

Limestone.

20. An investigation of the limestones and dolomites of the Yonapur area in the Tumkur District was conducted during the year. A large scale map was prepared

showing the distribution of these minerals and further samples were obtained for analyses. Two patches of small extent of a Kankar-like alteration of the limestone purer than the limestone itself were observed. The limestones proper are stated to be not of a high quality and for purposes a flux, less suitable than dolomite. Various sites for quarries were noticed but the final selection of the most suitable site, it is stated, requires further consideration.

Clay.

21. Investigations were continued round about Banasandra and Voblapur in the Tumkur District for locating deposits of clay suitable for the manufacture of cement and samples were awaiting analysis.

Iron Ore.

22. The further prospecting of the Kemmangundi Iron Ore deposits in the Kadur District in connection with the Iron Scheme was carried on during the year. The arrangements for the development of the mines and the transport of the iron ore were discussed and approved. The proposal regarding an aerial ropeway for getting the ore from the mines to the bottom of the hills was approved by the Board of Management. The various classes of ore met with in the course of prospecting operations were regularly stacked and sampled. Of the 40 samples taken, a few were analysed and the results of the remainder are awaited.

Bauxite.

23. Further investigations were made in regard to the possibilities of manufacturing aluminium in the State and several experimental tests carried out in England. The results of experiments showed that the bauxite was of fairly average quality and suited to the manufacture of alumina for producing metallic aluminium.

Manufacture of Glass.

24. Samples of cyanide sand from the Kolar Gold Field were sent to England for testing their suitability for glass making. Certain samples of Mysore sands were also tested at the Talegaon Glass Factory and the reports received showed that they produced a good quality of bottle glass but were not fit for superior glassware owing to the presence therein of too much of iron.

Asbestos.

25. An attempt to start an asbestos industry on a large scale is being made by Mr. M. L. Vardhamaniah, Merchant, Mysore City, who has been granted, on certain conditions, a monopoly for a period of five years in respect of all available asbestos blocks in the Mysore and Hassan Districts.

Other Enquiries.

26. Preliminary examinations were made of certain areas in the Koratagere Sub-Taluk for pyrites and corundum and indications of the occurrences of iron ore, corundum, magnesite, steatite and kankar were also noticed in certain areas in the Heggaddevankote Taluk.

Eksal Cultivation.

No. R. 6410-9—L. R. 362-14-9, DATED 1ST DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 176-85—L R. 46-08-4, dated the 10th July 1911, issuing rules for the grant of assessed waste lands for eksal cultivation, and directing the submission of a report after three years regarding the working of the system.

2. Government Order No. R. 5868—L. R. 362-14-2, dated 7th January 1915, directing the Revenue Commissioner to submit the report called for in the Government Order dated 10th July 1911 read above, and also requesting him to give his opinion on the question of granting unassessed lands for eksal occupancy

3. Subjects Nos. 251 of 1914 and 88 of 1915 of the Representative Assembly *re* the grant of lands of eksal tenure and the reply of Government thereto :—

Subject No. 251 of 1914

Revision of rules regarding the grant of lands on *eksal* tenure. Mr. Halappa, Honnali Taluk.

Summary of discussion.—Owing to the growth of sandal plants in cultivated lands and still more on account of the growth therein of a weed called the *Bilekasa* plant which is destructive to togari crops, the raiyats of Chinikattee Magani in the Honnali Taluk are obliged to change their lands frequently. The rules regarding the grant of only the assessed waste lands for cultivation on one year's tenure, work a great hardship in the case of the riayats of the Chinikatte Magani. It is therefore prayed that the rules in force may be kindly revised so as to permit of the grant of cultivated lands also on eksal tenure.

Reply of Government.—Discretion may be given to the local officers to extend the eksal tenures in pecial cases.

Subject No. 88 of 1915

Grant of lands by Amildars. Mr Kere Krishnappa, Gudibanda Sub-Taluk.

Summary of discussion.—The Amildars may be authorised to grant lands for cultivation to the applicants for one year pending disposal of applications under *darkhast* rules.

Reply of Government.—Noted.

4. Correspondence ending with letter No. Ac. 1543—Gl., dated 1st—16th September 1919, from the Revenue Commissioner in Mysore, forwarding the reports of the Deputy Commissioners of Districts, except Kolar, with his own opinion in the matter of revision of rules relating to the grant of assessed lands on *eksal* tenure and of granting unassessed and on the same tenure.

Order No. R. 6410-9—L. R. 362-14-9, dated 1st December 1919.

It is seen from the reports of the Deputy Commissioners that very little advantage has been taken of the eksal tenure concession by the raiyats. The Deputy Commissioners of Bangalore, Tumkur and Shimoga recommend that the scheme may be tried for a period of three more years and the Revenue Commissioner supports the recommendation and as an incentive to make the rules more attractive and popular suggests an amendment of the rule (iii) of the rules laid down in the Government order dated the 10th July 1911 as follows :—

"The applicant for an eksal occupancy should pay up a fourth of the assessment due before taking possession of the land and the remaining three-fourths before removing crops."

Government approve of the Revenue Commissioner's suggestion regarding the amendment of the rules as noted above and direct the continuance of the concession in respect of assessed waste lands for a further period of three years at the close of which a report should be submitted as to the working of the scheme.

No. R. 6410-9—L. R. 362-14-9, DATED 1ST DECEMBER 1919.

2. As all the Deputy Commissioners who have furnished their opinions are, not in favour of granting unassessed lands on eksal (*i.e.*) temporary tenure (*vide* R. A. Subject No. 251 of 1914), Government are pleased to direct that the scheme be restricted for the present only to the grant of assessed waste lands. In this view of the matter, the question of empowering Amildars to grant unassessed lands on eksal tenure pending disposal of applications under darkast rules (*vide* R. A. Subject No. 88 of 1915) does not require consideration now.

The members who brought up the above subjects may be informed accordingly.

Proposals of the Land Compensation Committee, Krishnarajasagara.

No. R. 6421-5—L. R. 41-18-25, DATED 1ST DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 7701-4—L. R. 25-17-81, dated the 28th January 1918, sanctioning among others, the proposals of the Land Compensation Committee contained in their resolution dated the 3rd September 1917, to authorise the Special Land Acquisition Officer to award additional preparation charges not exceeding Rs. 10 per acre in consultation with the Chief Engineer, Krishnarajasagara Works, in the case of lands found to be unirrigable by reason of the channel bed being lower than the level of the lands.

2. Letter No. C. 1629—G1., dated the 10th December 1918, from the Revenue Commissioner in Mysore, forwarding copy of letter No. R. O. C. 1659, dated the 10th October 1918, from the Deputy Commissioner, Mysore District, submitting copies of the notes of the Special Land Acquisition Officer, Krishnarajasagara Works, and of the *Proceedings of the Land Compensation Committee at their meeting held on the 30th September 1918, and recommending sanction to the Committee's proposals contained in resolutions 1 and 4 in respect of (1) payment of a higher rate of preparation charges than that sanctioned in the Government Order dated the 28th January 1918 read above for rendering lands awarded in exchange fit for irrigation and (2) grant of separate lands in cases where the tank beds awarded have not been made available for cultivation.

3. Letter No. C. 1629—G1., dated the 18th October 1919, from the Revenue Commissioner in Mysore furnishing certain information called for on the subject.

* (Printed as an annexure.)

Order No. R. 6421-5—L. R. 41-18-25, dated 1st December 1919.

The Committee's proposals contained in their resolutions 1 and 4 passed at their meeting held on the 30th September 1918 are sanctioned.

ANNEXURE.

PROCEEDINGS OF A MEETING OF THE LAND COMPENSATION COMMITTEE HELD IN THE OFFICE OF THE DEPUTY COMMISSIONER, MYSORE DISTRICT, AT 8 A.M ON MONDAY, THE 30TH SEPTEMBER 1918.

Present.

1. Mr. K. Matthan, Deputy Commissioner (in the chair).
2. „ B. B. Garudacharya, Superintending Engineer, Krishnarajasagara Works.
3. „ T. Dharmaraja Chetty, Special Land Acquisition Officer, Krishnarajasagara Works.

1. Special Land Acquisition Officer's memo regarding the inadequacy of the rate of extra preparation charges, recommended by the Committee at its meeting held on the 3rd September 1917, and sanctioned in Government Order No. R. 7701-4—L. R. 25-17-31, dated 28th January 1918.

No. R. 6421-5—L. R. 41-18-25, dated 1st December 1919.

Resolved that where the land awarded is more than 1½ feet above the bed level of the channels, extra preparation charges should be paid as follows:—

From 1½ to 2½ feet Rs. 50.
From 2½ to 3½ feet Rs. 100.

If the land is more than 3½ feet above the level of the channel, it is not worthwhile attempting to lower it so as to render it irrigable.

In all cases where the land awarded is 1½ feet above the bed of the channel, if the awardee prefers to resign the land and take up land elsewhere, instead of receiving the extra preparation charges recommended above, even this may be allowed.

2. **Memo from the Special Land Acquisition Officer regarding the lands newly brought under irrigation in the Sarvamanya Yagachikuppe village, Krishnarajpete Taluk, from the old anicut across the halla between Survey Nos. 177 and 178 of Vitlapur.**

Resolved that the lands newly irrigated are liable to the payment of water rate as well as contribution. The question of surrender of a portion of land in lieu of contribution is one for discussion with the inamdar and the tenants interested.

3. **Memo from the Special Land Acquisition Officer about the grant of lands:—**

(1) **to woddars who have been working in connection with the Krishnarajasagara Works, and**

(2) **to agriculturists who having no lands of their own were cultivating lands of other persons on *Shikmi* or *vara* and have now been rendered helpless on account of the villages having been broken up and the villagers scatter in different directions.**

(i) **Resolved that as regards Woddars, no action is necessary until the high level canal is nearing completion.**

(ii) **As regards landless classes who have been rendered helpless by the raiyats of their villages being scattered, it was resolved that statistics of the number of such families with information as to the places where they are now settled and the nature of help that could be rendered to each family be collected with a view to giving them all possible assistance.**

4. **Memo from the Special Land Acquisition Officer regarding the cancellation of awards in cases where tank-beds that were awarded have not been made available for cultivation.**

Resolution—(i) that in future no lands should be awarded until they are actually available;

(ii) where lands forming beds of tanks have already been awarded and such lands have not been made available for cultivation it is resolved that the awardees be asked to take either cash compensation or select lands elsewhere; that in such cases the crop compensation already paid to them be not deducted from the cash compensation and that all such persons be warned that no further crop compensation will be paid to them in future;

(iii) the projects for draining the tank-beds referred to should be considered on the merits and if they can be drained and made available they may be then disposed of to applicants.

5. **The measures necessary to carry on the work of acquisition for the second stage smoothly and expeditiously were considered and the following resolutions were arrived at:—**

(1) Declaration statements to be sent up at once by the Special Land Acquisition Officer in respect of whole numbers included within the 120 feet contour.

(2) In the case of part numbers included within the above contour, declaration statements should be sent up after a verification of the marks fixed on the field jointly by an officer of the Public Works Department and an officer of the Revenue Department.

(3) Declaration statments to be sent up for each village as they become ready.

(4) It is estimated that about 2,000 acres of wet and garden lands and 5,000 acres of dry lands would come under submersion by the construction of the second stage of Reservoir. About 1,500 acres of irrigable lands under the Chamaraja Right Bank Channel and 2,000 acres of irrigable lands under the Mandagere channel will be available for being awarded to the expropriated raiyats. As the extent of irrigable lands under these channels is more than the extent of wet and garden lands coming under submersion, it is resolved that raiyats entitled to irrigable lands in exchange should confine their selection to lands available under either of these two channels.

(5) In order to give full publicity of the lands that are available, a statement of such lands should be published in the Gazette and in the local papers and copies of such lists should be given to each village which comes under submersion.

No lands are to be included in the list unless the Special Land Acquisition Officer is satisfied that the lands to be given as irrigable are really so and that they are at the disposal of the Government.

(6) The preparation of declaration statements and of the lists of available lands should proceed *pari passu*.

(7) With a view to avoid complaints of partiality in the disposal of lands and to give the first consideration to the actual cultivators, villagers should be consulted generally as to their inclinations as to where they would like to select lands and they should be informed that actual cultivators will be given priority of selection.

(8) As far as possible, compensation should be given in the shape of lands not only to avoid cash expenditure, but also to avoid references to Court.

(9) The Special Land Acquisition Officer should submit proposals for the revision of his establishment with a view to enable him to proceed with the work as early as possible with due regard to the limitations of exercising proper supervision and control.

Transfer of Patta.

No. R. 6880-9—L. R. 190-19-4, DATED 12TH DECEMBER 1919.

No. R. 7201-9—L. R. 155-19-2, DATED 22ND DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Official Memorandum No. 295—E. A. G., dated the 10th October 1918, appointing a Special Committee consisting of the marginally named officers for suggesting measures for the improvement of work in Taluk Offices.

1. Mr. M. S. Ramachandra Rao, B.A., B.L.
2. „ C. S. Kuppuswamy Iyengar.
3. „ S. Chakrapani Iyengar, B.A., B.L.
4. „ A. V. Ramanathan, B.A (Convenor).

2. Recommendations of the Committee in the matter.

3. Correspondence ending with letter No. C. 4308—Gl., dated 30th May—2nd July 1919, from the Revenue Commissioner in Mysore, furnishing his views on the Committee's recommendations.

Order No. R. 7201-9—L. R. 155-19-2, dated 22nd December 1919.

On a careful consideration of the Committee's recommendations and the Revenue Commissioner's views, Government are pleased to pass the following orders :—

I. Organization and distribution of work.

Government approve of the Taluk Office being divided into 3 branches as follows :—

(*a*) The Treasury and Records under the direct supervision of the Taluk Sheristadar.

(*b*) The Revenue Branch under the supervision of the Head Gumasta.

(*c*) The Miscellaneous Branch under the supervision of the Head Munshi.

A list should be maintained as required by the General Rules of Office Procedure, showing the distribution of work among the officials.

2. Government agree in the opinion of the Revenue Commissioner that it is not practicable to relieve the Head Gumasta and Head Munshi of all original case-work as proposed by the Committee.

3. With regard to the Committee's proposal to give the Taluk Sheristadars some definite disciplinary control over the Taluk staff, subject to appeal to the Amildar in case of punishment, Government accept the Revenue Commissioner's view that it is undesirable to give any power to the Sheristadar to punish the Taluk officials as the Amildar is the head of the office and is responsible for its efficient working and the maintenance of proper discipline. The Taluk Sheristadar may exercise general control over the whole office, bringing to the notice of the Amildar flagrant cases of delay in the disposal of papers by any of the officials or other irregularity on their part.

4. The duties and responsibilities of the Taluk Sheristadar have been specifically laid down in the Taluk Manual, which should be strictly enforced.

II. Recruitment, training, transfer, etc., of officials.

5. Government accept the recommendation of the Committee with the modification suggested by the Revenue Commissioner that no one should ordinarily be appointed a Taluk Sheristadar unless he has worked as Shekdar or Head Gumasta for at least a year.

6. As observed by the Revenue Commissioner, Government consider it unnecessary to organize separate classes for the training of Taluk Gumastas and Munshis, the office itself being the best training ground.

7. The Revenue Commissioner's suggestion to appoint one or two probationary clerks in each Taluk Office, does not also commend itself to Government as no good is likely to result thereby.

8. Government approve of the Revenue Commissioner's proposal that frequent transfers of officials should be avoided and direct that no official should ordinarily be transferred from his station unless he has been there for three years, and that no change should be effected in the duties of an official for a period of at least two years.

III. Maintenance of correspondence and other registers.

9. Government accept the following recommendations of the Committee, which have been concurred in by the Revenue Commissioner generally, except that he is not in favour of the introduction of the Disposal Number System:—

(*a*) The opening of one current register for each hobli for registering correspondence and one general current register for the whole office for registering all papers

of a general nature, circulars, etc., in place of the existing "From" and "To" registers. The new registers may be first tried in some of the taluks to be selected by the Revenue Commissioner. The result may be reported to Government at the end of a year, when the question of extending the new system to other taluks will be considered. The form of the new register, with instructions to fill it up, is appended to this order.

(*b*) Abolition of the "Amad" register.

(*c*) An abstract of the 'receipt' need only be entered in the register instead of a verbatim reproduction.

(*d*) All special correspondence should go into special registers.

(*e*) Certain registers should be maintained for furnishing standing information.

(*f*) Registers should be maintained for incorporating all information that has to go into the periodical returns or reports.

(*g*) Definite instructions may be laid down as to the mode of arrangement of papers in a file of correspondence.

(*h*) A form may be prescribed for the Pherist with instructions thereon for filling it up.

(*i*) The form of Tappal book should contain a column to show the progressive total of issues from day to day.

(*j*) Each Shekdar need maintain only a current register.

(*k*) The registers which should be maintained in the Taluk Offices will be those described in Part II of the Taluk Manual, which has been approved in Government Order No. R. 14476-85—R. M. 21-18-7, dated 13th May 1919.

10. The Revenue Commissioner is requested to take the necessary action to give effect to the order and issue further needful instructions in the matter.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
PRESS TABLE.

Register of papers received into or arising in the Office of

Serial number of case in the Register	From whom	Number and date	Date of receipt and entry in this register	References received	Reference sent out (issues)			Reference to other registers, if any	Date of the final disposal of the reference	Date on which it was given to the records
				Purport of the reference	To whom sent	Date	If a paper going out in original, copy of the reply or reference			
1	2	3	4	5	6	7	8	9	10	11

Memo.

In Hobli current registers will be entered all references received from outside (receipts) in column 1 to 5, while those sent out (issues) in column 6 to 8. The reply received to this will be again entered in column 2 to 5 and so on till it is disposed of. The serial number to be given in the 1st column will be the number of the correspondence. The same number will have to be repeated on the correspondence when sent out and received till it is disposed of.

As regards papers which initiate a correspondence in the Taluk they will be entered first in columns 6 to 8 and the replies received in columns 2 to 5 and so on in the same way as references from outside.

For each correspondence its subject matter (very brief but sufficiently indicative) should be noted in red ink at the top before the initial and subsequent entries are made.

The date of the final disposal of the reference should be noted in column 10. It is only when there is nothing further to be done in a case that it should be taken as having been finally closed but not till then. Then the file may be closed and given to the records for being dealt with under the record-sorting rules and the date on which it is sent to the record noted in column 11.

Report on the working of the Civil Veterinary Department.

No. R. 6601-9—R. M. 30-19-2, DATED 5TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on the working of the Civil Veterinary Department in Mysore, for the year ending 30th June 1919, received with letter No. C. Per. 118, dated the 30th October 1919, from the Revenue Commissioner in Mysore.

(Printed as an accompaniment.)

Order No. R. 6601-9—R. M. 30-19-2, dated 5th December 1919.

Recorded.

2. Eight hospitals and eight dispensaries were working during the year. Four new dispensaries sanctioned for Dodballapur, Chintamani, Hunsur and Channagiri could not be opened for want of suitable accommodation and paucity of qualified hands for the charge of these institutions. This is much to be regretted. It is hoped that every effort will be made to open these dispensaries at as early a date as possible.

3. On account of the unfavourable seasonal conditions and scarcity of fodder, Rinderpest broke out in the Mysore, Tumkur and Kolar Districts in the year under report, but assumed a virulent form only in the last mentioned district. The total number of cattle inoculated was 25,486 as against 28,041 during the previous year.

4, The total number of animals treated was 78,416 as against 80,285, during the previous year. Considering that four more dispensaries were working during the year as compared with the previous year, the work turned out during the year under report cannot be considered adequate.

5. With a view to attract qualified men required for the Department, Government have in their Order No. R. 7392-3—R. M. 16-18-4, dated 17th December 1918, directed that Assistant Veterinary Inspectors of the I and II grades may on the recommendation of the Revenue Commissioner be entertained on the maximum salaries fixed for the said grades. A charge allowance of Rs. 10 per mensem has also been sanctioned to the Assistant Veterinary Inspectors in charge of Veterinary Hospitals and Dispensaries.

6. Six scholarships of the value of Rs. 25 per mensem are at present being granted for the study of Veterinary Science and the proposal to increase the value of the scholarships is under consideration of Government.

The Deputy Commissioners of Districts.
PRESS TABLE.

No. R. 6601-9—R. M. 30-19-2, dated 5th December 1919.

ACCOMPANIMENT.

Letter No. C. Per. 118, dated 30th October 1919, from K. Chandy, Esq., B.A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honour to forward herewith the Report on the working of Civil Veterinary Department for the year 1918-19, received with the Superintendent's letter No. C. A., dated 22nd October 1919, and to state as follows:—

2. The Civil Veterinary Department sustained a severe loss owing to the lamentable death of the Superintendent Mr. N. Narasimhiengar on 10th August 1918. Mr. P. Mahadevayya, B.A., B.L., Assistant to the Revenue Commissioner, was in temporary charge of the Department from 10th August to 23rd December 1918, when Mr. C. K. Srinivasiengar, G. B. V. C., Assistant Superintendent, Kunigal Stud Farm, was appointed as Assistant Superintendent, Civil Veterinary Department, on probation and placed in charge of the duties of the Superintandent. Mr. K. Krishnaiengar, G. B. V. C., Veterinary Inspector, was, on 18th November 1918, appointed Divisional Inspector of the Shimoga Division, consisting of Kadur and Shimoga Districts. The remaining three Divisional Inspectors could not be appointed owing to paucity of eligible men. The Department at present is managed by 1 Assistant Superintendent, 4 Veterinary Inspectors and 14 Assistant Veterinary Inspectors as against the full sanctioned strength of 1 Superintendent, 1 Assistant Superintendent, 4 Inspectors and 28 Assistant Inspectors. The difficulty of securing recruits even on a higher pay continued to be felt owing to large demand in other places. In addition to the revised scale of pay a charge allowance of Rs. 10 per month to the Assistant Veterinary Inspectors in charge of an hospital or dispensary was also sanctioned by Government to make the service more attractive.

3. During the early part of the year, "Rinderpest" broke out in the districts of Mysore, Kolar and Tumkur. The disease assumed a virulent form in the last quarter of the year in the Kolar District. The unfavourable seasonal conditions and scarcity of fodder were the chief causes for the prevalence of this epidemic. As the Assistant Veterinary Inspectors in charge of the Kolar Hospital and Chikballapur Dispensary could not cope with the increase of work consequent on the epidemic spreading in all parts of the district, Mr. K. Krishniengar, Divisional Veterinary Inspector, was specially deputed to conduct a vigorous campaign of inoculation at the request of the Deputy Commissioner. It is gratifying to note that the disease which was in a virulent form in the previous years in the Malnad districts was not so severe this year.

4. There were 8 hospitals and 8 dispensaries during the year. All of them continued to do useful work excepting the Dispensary at Sagar, as the work in which is reported not to have been satisfactory. The total number of animals treated was 78,416 against 80,285 in the previous year and the total number of fresh admissions was 24,046 against 23,332. The total number of cattle that were inoculated against "Rinderpest" was 25,486.

5. The itineration of Veterinary Inspectors and Assistant Veterinary Inspectors was satisfactory. Mr. C. K. Srinivasiengar, Assistant Superintendent, was able to inspect the Veterinary Institutions during the year.

6. Owing to want of suitable accommodation and duly qualified hands, the four Veterinary Dispensaries newly sanctioned at Dodballapur, Hunsur, Chintamani and Channagiri could not be opened. The plans and estimates for Veterinary Hospital buildings in the Cities of Mysore and Bangalore are pending in the Public Works Department. On account of the growing demand from many taluks for Veterinary Institutions and the difficulty in securing qualified hands the question of starting a Veterinary School in the State appears to be ripe for consideration.

Forest Settlement.

No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 2868—Ft. 27-13-3, dated 30th September 1913, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Chilur Forest Block in the Magadi Taluk.

2. Correspondence ending with letter No. 1757, dated 19th November 1919, from the Revenue Commissioner in Mysore, forwarding the Closepet Sub-Division Assistant Commissioner's letter No. 245, dated 23rd April 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 19, dated 15th March 1919, from the Conservator of Forests, agreeing to the issue of the final notification in the matter.

Order No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

The settlement effected by the Forest Settlement Officer is approved. The notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st February 1920, will be published in the Gazette.

2. The Deputy Commissioner, Bangalore District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secretary to Government, Revenue Department.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore.
The Deputy Commissioner, Bangalore District, with map and registers.

Exd.—G.W.B.

No. R. 7135—Ft. 157-18-7, dated 19th December 1919.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st February 1920, the area, the boundaries of which are set forth in the schedule annexed to this Notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Bangalore	Magadi	2·01 square miles	Chilur	*North.*—Starting from a point about 50 feet slightly south-west from the south-east corner of Survey No. 100 of Maniganahalli, the line runs east for about 50 feet through Survey Nos. 96 and 95 of Maniganahalli and north for about 50 feet through Survey No. 95 of Maniganahalli to a point about 50 feet south-east from the south-east corner of Survey No. 100; then south-east for about 33 chains through Survey Nos. 95 of Maniganahalli and 64 of Chilur to a point about 50 feet north-west from the south-west corner of Survey No. 84 of Chilur.

No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

East.—Then the line runs south for about 50 feet, east for about 50 feet through Survey No, 64 to a point about 50 feet south from the south-west corner of Survey No. 84 of Chilur, then south-west for about 30 chains along the west side of Survey No. 65 of Chilur to a point about 50 feet north-west from the north-west corner of Survey No. 61; then west for about 50 feet to a point about 50 feet north-west from the north-west corner of Survey No. 61, then along the west side of Survey No. 61, west and south sides of Survey No. 63 and south side of Survey Nos. 83 and 56 at a distance of 50 feet west and south to a point about 50 feet south-east from the south-east corner of Survey No. 56 of Chilur, then south-east for about 29 chains through Survey No. 47 to a point on the northern bank of (Timmayya Katte) about 7 chains south-west from the south-west corner of Survey No. 48; then along the north-west and south sides of the said katte to a point about 9 chains south-west from the north-west corner of Survey No. 45; then south-east for about 12 chains through Survey No. 47 to the south-west corner of Survey No. 45; then along its south side to its south-east corner then south-west for about 40 chains crossing a katte through Survey No. 47 to a point on the common boundary between Chilur and Halasinganahalli about 19 chains north-west from the south-west corner of Survey No. 46; then on the same direction for about 20 chains through Survey No. 19 of Halasinganahalli to the northernmost corner of Survey No. 18 (Tank) of Halasinganahalli.

South.—Then the line runs north-west for about 19 chains through Survey No. 19 of Halasinganahalli to a point about 50 feet south-east from the northernmost corner of Survey No. 16; then north-west for about 50 feet, west for about 50 feet south for about 50 feet to a point about 50 feet north-west from the northernmost corner of Survey No. 16; then north-west for about 14 chains through Survey No. 19 to a point about 16 chains north-east from the northernmost corner of Survey No. 45; then south-west for about 20 chains through Survey No. 19 to a point about 50 feet north-east from the northernmost corner of Survey No. 22; then north-west for about 50 feet, south-west for about 50 feet, to a point about 50 feet south-west from the northernmost corner of Survey No. 22; then south-west for about 5 chains through Survey No. 19 to a point on the common boundary between Halasinganahalli and Kodipalya about 2 chains north-east from the north-west corner of Survey No. 22; then north-west for about 8 chains along the northern boundary of Kodipalya to the tri-junction bandhs of the said villiage, Halasinganahalli and Kalari; then along the common boundaries between Kodipalya and Kalari, north-west for about 11 chains and south-west for about 6 chains, to a point about 50 feet north-east from the north-east corner of Survey No. 77 of Kalari; then west for about 4 chains through Survey No. 78 to a point about a chain north-east from the north-west corner of Survey No. 77; then north-west for about 14 chains through Survey No. 78 to a point about 50 feet, north-east from the north-east corner of Survey No. 81; then west for about 50 feet to a point about 50 feet north-west from the north-east corner of Survey No. 81; then along the eastern, northern and western boundaries of Survey No. 80 to a point about 50 feet north, from the south-west corner of Survey No. 80; then west and south-west through Survey No. 78 for about 11 chains to a point about 50 feet north-west from the north-east corner of Survey No. 85 leaving a margin of 50 feet parallel to the northern boundary of Survey No. 83 and western boundaries of Survey Nos. 83 and 84; then along the northern boundary of Survey Nos. 85 and 87 to the north-west corner of the latter survey number.

West.—Then along the eastern boundary of Survey No. 90 of Kalari, southern and eastern boundary of Survey No. 38 of Sivanasandra to its north-east corner, then north-east along the common boundary between Sivanasandra and Kalari to a point about 50 feet south-west from the north-east corner of Survey No. 34 of Sivanasandra; then east for about 50 feet and north for about 50 feet through Survey Nos. 78 of Kalari and 64 of Chilur and 97 of Maniganahalli to a point about 50 feet north-east from the north-east corner of Survey No. 34 of Sivanasandra; then north-east for about 48 chains through Survey Nos. 97 and 96 of Maniganahalli to the starting point.

Remarks.—A. The following right of way is admitted within the block for use by men, cattle and carts.

1. Cart-track (15 feet in width) leading from the hotte-bhand on the eastern boundary of Survey No. 36 of Sivanasandra to the enclosure of Aralikatti and Mutharayaswami's temple.—It enters the forest in the western boundary of the block at a point about 12 chains north-east from the south-east corner of Survey No. 39 of Sivanasandra and runs south-east for about 32 chains through Survey Nos. 78 of Kalari and 37 of Sivanasandra to the said enclosure.

B. The following concessions are admitted within the block.

1. Aralikatte and Muthurayaswami's temple situated in Survey No. 37 of Sivanasandra are clubbed together and treated as an enclosure with a margin of 50 feet all round. Access to it is by means of a cart-track No. I *supra*.

No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

2. The raiyats of the undermentioned villages are allowed to graze their cattle within the reserve on payment of concession rates, *viz.*, one anna per head of cattle and four pies per sheep as noted below:—

Name of village		Number of cattle		Concession rate, *viz.*, ¼th grazing fee	
		Cattle	Sheep	Cattle	Sheep
1 Vudenhalli ..	Hamlets of Maniganhalli.	106	32	One anna per head	Four pies per head
2 Molli Thimmanapalya ..		262	225		
3 Kalari		295	101		

3. The raiyats of the undermentioned villages are allowed to remove throughout the year, from the reserve, Hangaru bush for fuel.

1. Maniganahalli and its hamlets.
2. Chilur.
3. Halasinganahalli.
4. Kalari.
5. Sivansandra.

4. The raiyats of the undermentioned villages are entitled to the free grant of timber for agricultural implements, out of the wood available in the reserve once in every two years as noted below:—

No.	Name of village	Number of ploughs entitled to free grant
1	Maniganahalli and its hamlets	124
2	Chilur	47
3	Halasinganahalli	33
4	Sivansandra	26
5	Kalari	38
	Total ..	268

By Order,

B. RAMASWAMAIYA,

Secy. to Govt., Revenue Department.

To—The Compiler, *Mysore Gazette.*

No. 245, dated 23rd April 1918, from the Sub-Division Officer, Closepet Sub-Division, to the Deputy Commissioner, Bangalore District.

I have the honor to report on the conclusion of the settlement of the Chilur Block in the Magadi Taluk of the Bangalore District.

2. The preliminary notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages 868 and 869 of the English issue of the *Mysore Gazette*, Part I, dated 2nd October 1913 and the proclamation under Section 5 was issued by Mr. C. Venkata Rao, the then Forest Settlement Officer in Mysore, and the same was published on pages 946 and 947 of the Kannada issue of the *Mysore Gazette*, Part II, dated 20th November 1913. The proclamatory notices were got published in the villagers concerned through the Amildar of the Taluk in January 1914 and again in March 1916.

3. On the date fixed for settlement, *viz.*, 16th May 1916, the tract was inspected and perambulated by my predecessor Mr. M. Sadasiva Rao, Sub-Division Officer, in company with the District Forest Officer, Bangalore, the Amildar of Magadi Taluk, the village officials and the villagers concerned.

No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

4. The undermentioned 10 claims were preferred at the time of enquiry.

(i) Three claims to right of grazing.
(ii) One claim to right of water.
(iii) Two claims to right of way.
(iv) Four claims to miscellaneous rights.

Of the three claims under grazing rights, one was admitted and two disallowed. The two claims to right of way were allowed. All the four claims to miscellaneous rights were allowed.

5. No appeal seems to have been preferred to you against the decision. This may be kindly verified, before submission of the report to the Revenue Commissioner.

6. The following records are herewith submitted:—

(i) "B" Register.
(ii) "C" Register.
(iii) Sketch Map.
(iv) Boundary Notification.

7. The date from which the reservation is to take effect has been left blank in the draft boundary notification.

8. The entire records relating to the settlement of the block are also submitted herewith.

NO. R. 7151-4—FT. 107-18-6, DATED 19TH DECEMBER 1919.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Chilur State Forest.

Serial No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support by the claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Ranga and other raiyats of Dodenhalli hamlet of Maniganhalli.	2-3-14	Inadequate gomal.	Maniganhalli has two hamlets Vudenhalli and Thothe Thimmanapalya the cattle of which have a natural outlet to Chilur, Survey No. 61. Moreover 129 acres, 34 guntas of Thamgauhalli gomal will be afforested. There is a right allowing the Vudenalli people to graze cattle in Survey Nos. 64 and 47 of Chilur, recorded in the Revenue settlement records.	The present demarcation line in the *gomal of Thamgonahalli* cannot be changed owing to the hilly nature of the boundary and inconvenient demarcation if the present line is shifted.	The area of gomal that will be available after present reservation will be 188 *acres*, 27 *guntas* which will be hardly sufficient for the cattle of Maniganhalli village proper (552 cattle and 403 sheep, goat excluded) so the cattle and sheep (goat excluded) of the two hamlets will be allowed to graze in the forest at concession rates, *viz.*, ¼ grazing free or one anna per head of cattle and four pies per sheep; the number of cattle and sheep thus entitled for concession being limited to 106 cattle and 32 sheep of Vudenhalli and 262 cattle and 225 sheep of Thothe Thimmanapalya. M. SADASIVA RAO, Assistant Commissioner, Closepet & F. S. O. 16-5-16.	
2	Ranga and other raiyats of Vudenhalli hamlet of Maniganhalli.	2-3-14	Chilur Survey Nos. 47 and 64 in which they have grazing rights should be excluded, there being 5 gokattes in the same.	Raiyat Dasa has given his statement and note in "Paysal Patrik."	Chilur raiyats contest this claim and moreover the note in the "Paysal Patrik" does not stand in the way of reservation. The gokattes referred to are in disrepair and without water.	From the lie of the country and situation of the villagers, it is evident that the raiyats of neighbouring villages obtained rights of grazing in the gomal of Chilur, the extent of which was more than was required for Chilur. The gokattes are small and in disrepair, the villagers may dig new gokattes. The claim is disallowed. M. SADASIVA RAO, Assistant Commissioner, Closepet & F. S. O. 16-5-16.	
3	Do	2-3-14	The demarcation line which runs quite close to the village ont should be shifted.	Representation of Dasa, raiyat.	The line may be shifted 50 feet from the *edge of cultivation*.	The demarcation line will be shifted 50 feet from the edge of cultivation. M. SADASIVA RAO, Assistant Commissioner, Closepet & F. S. O. 16-5-16.	
4	Veerabhadriah and other raiyats of Chilur.	6-7-14	Chilur village Survey Nos. 47 and 61 in which their cattle grazed even when those numbers, were made into District Jungle 20 years, should be excluded.	Statement of Enganahalli raiyat and an endorsement No. 31, dated 24th August 1891 from Magadi Amildar that their right of grazing are not affected.	The gomal remaining after reservation is more than what they require.	The gomal remaining after reservation will be 296 acres, 23 guntas, while the raiyats have 292 cattle (148 goats excluded). This area is quite sufficient. So the claim is disallowed. M. SADASIVA RAO, Assistant Commissioner, Closepet & F. S. O. 16-5-16.	

No. R. 7131-4—Ft. 157-18-6, dated 19th December 1919.

B—Register of *claims to lands, rights to forest produce or easements in the proposed* Chilur State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support by the claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
5	Veerabhadriah and other raiyats of Chilur.	6-7-14	Demarcation line runs quite close to occupied lands and onl for cattle. This should be shifted.	Statement of Gungaradhiah, raiyat.	The line may be shifted 50 feet from cultivation.	The demarcation line will be shifted 50 feet from cultivation.) M. SADASIVA RAO, Assistant Commissioner, 16-5-16 Closepet & F. S. O	
6	Do ...	6-7-	Thimmayanakatte in which their cattle drink water should be left available to them as hitherto.	Do	The line runs across the contour of the katte.	The line may be shifted beyond the contour of the katte so as to exclude the katte (Thimmayana katte) M. SADASIVA RAO, Assistant Commissioner, 16-5-16. Closepet & F S. O.	
7	Sivanasandra raiyat's representations as continued in Shekdar's report dated 10th March 1916.	10-3 16	Right of way should be left to the katte at which cattle drink water.	Statement of Thimmappa, raiyat.	No contention .	This katte 'Aralikatte' will be demarcated as an enclosure with 50 feet space all round it. A right of way for men, cattle and carts 15 feet wide will be allowed from the hotte bandh of Survey No. 36, across Survey No. 78 of Kalari and 37 of Sivansandra throughout the year. M. SADASIVA RAO, Assistant Commissioner, 16-5-16 Closepet & F. S O.	
8	Sivanasandra raiyat's representations as contained in Shekdar's report dated 10th March 1916.	10-3-16	Right of way should be left to the shrine of *Muthrayaswami*.	Do	Do ..	Muthuraya temple will be treated as an enclosure with 50 feet space all round it. The right of way will be in continuation of that noted for claim No. 7, (to the katte) and is of thesame kind as regards width and thoroughfare M. SADASIVA RAO, Assistant Commissioner, 16-5-16 Closepet & F. S O.	
9	Observation contained in the letter of the Revenue Commissioner in Mysore, No.1081/8 dated 29th July 1918, to the Secretary to Government.	....	Adequate provision of gomal. (a) Halasinganahalli.	.....	They have enough of gomal.	There will be, after reservation, 123 acres 18 guntas gomal for 320 cattle and 80 sheep of the village (goats excluded). The provision seems to be adequate. M SADASIVA RAO, Assistant Commissioner, *16-5-16* *Closepet & F. S. O.*	
..	.....	.....	(b) Kalari ...	....	Allowance may be given for grazing at concession rates as the whole of their gomal is taken up.	Concessions as regards grazing is allowed to the raiyats as in the case of *Kadanhalli and Thothe Thammanapalya*, *viz.*, one anna per head of cattle and 4 pies per head of sheep up to a limit of 235 cattle and 101 sheep. It is noted that 306 acres and 6 *guntas* of assessed waste of the village is reserved for date groves. M. SADASIVA RAO, Assistant Commissioner, 16-5-16 Closepet & F S.O.	
..	... ..	....	(c) Sivansandra ...	....	The gomal available is enough for the cattle of the village	The area remaining after reservation will be 92 acres 11 guntas, there are 171 cattle and 18 sheep in the village. This provision is sufficient. M. SADASIVA RAO, Assistant Commissioner, 16-5-16 Closepet & F.S.O.	
10	The raiyats assembled at the time of settlement represented that they wanted fuel and agricultural implement timber concessions.	... .	.. .	.....	The area is demanded and does not admit of a heavy demand in its present condition. However as fuel is needed for everyday use, 'hangaru' herb may be given free.	(*a*) *Fuel*.—'Hangaru' bush can be removed throughout the year by the raiyats of these five villages, Manigan-halli (and its hamlets) Chilur, Halasingaanahalli, Kalari and Sivanasandra. (*b*) *Timber for agricultural implements*.—Out of the wood available once in every two years, timber for ploughshares may be granted free to *bona fid* raiyats of these villages up to the number noted below:— Manigenahalli... 124 Chilur ... 47 Halasingaanahalli 33 Sivansandra 26 Kalari 38 Total 268 Two hundred and sixty-eight only. M. SADASIVA RAO, Assistant Commissioner, 16-5-16. Closepet & F. S. O.

or 2·01 square miles.

Report on the working of the Stamp Department.

No. R. 6400-9—St. 12-19-3, dated 1st December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Camp A., dated 14th October 1919, from the Commissioner of Stamps in Mysore submitting a report on the working of the Stamp Department in the State for the year 1918-19.

Order No. R. 6400-9—St. 12-19-3, dated 1st December 1919.

1. Recorded.

2. The stamp revenue realised during the year under review was Rs. 13,17,720 against Rs. 12,83,769 in the year previous. The increase was contributed by almost all the items of stamp revenue except "Copy stamps," "three-pie paper" and "Fines, Penalties and Miscellaneous", under which a decrease was noticeable. The reason for the fall of revenue under "Copy stamps and three pie paper" should have been examined and explained in the report. The sale of court fee stamps contributed mostly for the increase in the year's stamp-revenue.

3. The total expenditure during the year was Rs. 1,12,416 against Rs. 82,984 in 1917-18. The increase in expenditure was due chiefly to war, a large quantity of special water-marked papers for stamps having had to be purchased during the year, and to the grant of grain compensation and war allowances to the officials of the Department.

4. Government regret to observe that there has been no improvement in the inspection work done in the districts during the year. It was only in the districts of Chitaldrug, Hassan and Kadur that there was any appreciable inspection work done. In the other districts a large number of offices were left uninspected.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Commissioner of Stamps in Mysore.
The Comptroller, Mysore Government.
All Deputy Commissioners.
PRESS TABLE.

Exd.—C. B.

tions in the accounts. The District Board have been allowed in Government Order No..R. 10082-3, dated 11th February 1919, time till the end of December 1919, to consider the desirability of disposing the ½ per cent securities to wipe off this minus balance and they are requested to take prompt action in the matter.

6. *Public Works.*—Out of a sum of Rs. 59,591 allotted for works to be executed by the Public Works Department a sum of Rs. 46,976 was spent on the maintenance of roads and other works, resulting in a lapse of 21 per cent of the grant. The lapse under Public Works executed by the Civil Departments was still larger being 45·32 per cent of the total allotment of Rs. 20, 058. From an examination of the statement XI appended to the report it is evident that allotments are being made in the district without any attempt to prepare a programme of works, in each taluk previously or take up works already decided upon for which estimates are ready. Lumpsum allotments in anticipation of works to be decided upon in future should be scrupulously avoided and works carried out according to urgency from a list prepared beforehand.

7. *Condition of Roads.*—A large portion of the allotment under A. Public Works was spent on the maintenance of roads. To further improve their condition, increased mileage rates were sanctioned during the year for 7 roads. Sanction was also accorded during the year for the construction of the Srinivaspur-Punganur road, at an estimated cost of Rs. 44,547. The development of communications is an important measure which should receive the careful attention of the District and Taluk Boards in future.

8. *Water-supply.*—An expenditure of Rs. 19,123 was incurred on well works as against Rs. 7,617 in 1917-18. Out of the 117 well works that were in progress during the year, twenty-six were completed. The progress in all the taluks, except in the Bowringpet Taluk was very unsatisfactory. The Amildars of the several taluks concerned, should be required to pay greater attention to this important work and show better results.

9. *Public Health.*—There was an abnormal increase in the number of deaths during the year, the total being 43,945 against 13,110 in 1917-18. The increase was chiefly due to the Influenza Epidemic which accounted for as many as 16,013 deaths. Increased death rate was noticeable under small-pox and fevers. Statement XV has not been prepared with sufficient care. No mention has been made in it of the Influenza Epidemic and the abnormal figure under malarial fever is apparently a mistake. There was a fall in the number of births by 4,000, the causes for which should have been examined and explained.

The disposal of building licenses, in the taluks requires greater attention.

Thare was an increase in the number of vaccinations done during the year by 1,221.

Removal of prickly pear and rank vegetation, also received the attention of the villagers during the year, but does not seem to have been carried out in any systematic manner.

10. *Miscellaneous.*—The Government note with satisfaction that under the auspices of the District Conference, during the Sri Bhoginandiswaraswami car festival at Chikballapur, a successful Industrial and Agricultural Exhibition was organised, the exhibition having attracted a large number of visitors. The accounts of the Board were audited during the year and no serious irregularities were reported to have been noticed.

11. *General.*—The District Board have not fully entered into the new order of things introduced by the New Local Boards and Village Panchayets Regulation. The work has been disorganised to some extent by the changes introduced both in the constitution of those Boards and the management of the District and Taluk Funds. The Government hope that the transition stage will not be allowed to materially affect the development of the Local Self-Government Scheme and that changes will be given effect to as speedily as possible, and the work of each of the Local Boards placed on a stable and satisfactory basis, particular attention being paid to the devolution of functions to the Taluk Boards and allotment of funds to them.

B. RAMASWAMAIYA,

Secretary to Government, Revenue Department.

To—The President, District Board, Kolar.

PRESS TABLE.

Exd.—C.R.

No. R. 6589—L. B. 57-19-11, dated 4th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Administration Report of the Kolar District Board for the year 1918-19, received with the President's letter No. L. F. C. Per. A. 2-16—19-20, dated 30th September 1919.

Order No. R. 6589—L. B. 57-19-11, dated 4th December 1919.

Recorded.

2. *Constitution.*—The number of Local Boards in the district remained the same as in the year previous. The year began with the introduction of the new, Local Boards and Village Panchayets Regulation, VI of 1918, and consequent thereon several changes in the constitution of the Local Boards, and Panchayets became necessary. In accordance with the provisions of the Regulation, and the rules framed thereunder the constitution of the several classes of the local bodies was fixed during the year and elections were ordered to be held in accordance therewith. Elections were held in only six of the Taluk Boards of the district, though the programme prescribed by Government in this connection required the completion of the election proceedings in all the taluks before the close of the official year. Though there were several difficulties in the way of the local officers, carrying out the prescribed programme, Government consider that in a few cases there has been avoidable delay, which is not satisfactory.

3. *Meetings and Attendance.*—Pending the constitution of the new Boards, the old District Board and the Taluk Boards, carried on the administration of the District Fund during the year. The District Board held six meetings during the year, five of which were ordinary. With the exception of the Taluk Boards of Srinivaspur and Sidlaghatta, all the other Boards met the required number of times. The attendance was more or less the same as during the previous year, *viz.*, 7·5 against 7·8 in the year 1917-18. Government regret to note that the attendance of non-official members has shown no improvement.

4. *Panchayets.*—In addition to the 25 old Union Panchayets, 96 new Panchayets were created in the district under the new regulation. But no work was done in any way of the new Panchayets due to their late formation. Of the old Panchayets only 11 met regularly while 1 did not meet at all. This does not speak well of the interest evinced by the local people in the development of the Local Self-Government Scheme. Government however consider that in the early stages of development, greater responsibility rests on the Government Officers, who are expected to be conversant with the rules and regulations and it should be their duty to educate the non-official members in the proper understanding of their responsibilities. Out of a total sum of Rs. 10,997 realised in the old Panchayet areas a sum of Rs. 10,163 was spent in them but it is observed that the expenditure in the case of several Panchayets has not been proportionate to their income, the expenditure being in excess of the income in a few cases. This is irregular and should be avoided as under the new rules, each Panchayet has a separate account of its own and is a separate body for all purposes of internal administration.

5. *Finance.*—Excluding receipts under the head "Public Debt" the actual income of the Board, under the service heads, amounted to Rs. 2,11,490, being an increase of Rs. 18,931, over that of the previous year. The increase was due to the adjustment made during the year *re* the credit of the cess on Excise and Forest revenues to the District Board. There was a fall of nearly Rs. 4,000 in the revenue realized in the Panchayets and under rural mohatarfa, due to slackness in collection work. The total arrears under the heads, at the end of the year amounted to Rs. 16,590 nearly out of the demand of Rs. 52,583. The arrears are very heavy and require the early attention of the Panchayets and the District Board for their prompt collection. The total expenditure during the year amounted to Rs. 1,46,812, against Rs. 1,24,437 in the year 1917-18. The increase was due to increased expenditure under Public Works, and the grant of special allowances to the establishment on account of adverse seasonal conditions, and the prevalence of war. The year closed with a minus balance of Rs. 2,96,340—due to the inclusion of the Railway transac-

No. R. 6531—L. B. 57-19-10, DATED 3RD DECEMBER 1919.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Sanitary Board, Kolar Gold Fields, for the year 1918-19, received with the President's letter No. 309, dated 30th September 1919.

Order No. R. 6531—L. B. 57-19-10, dated 3rd December 1919.

1. Recorded.

2. *Meetings and attendance.*—The strength of the Board remained the same as in the previous year. Six ordinary and two special meetings were held during the year and the attendance at the meetings was almost the same as in 1917-18, and was on the whole satisfactory.

3. *Financial position.*—The total income of the Board amounted to Rs. 1,09,372 against Rs. 82,970 in 1917-18. Excluding a sum of Rs. 18,226 under Public Debt, the receipt under service heads were Rs. 91,146 against Rs. 80,388 of 1917-18. The increase was due to a special item of Rs. 15,697 having accrued to the Board, from Excise cess consequent on the abolition of the Local Funds General. There was thus a decrease of Rs. 4,939 in the ordinary income of the Board, due to the fall in the collections made under the various heads of revenue. The fall is reported to be due to certain special circumstances such as the prevalence of the influenza epidemic, plague, cholera and the acute food situation which made collection work difficult and reduced the chances of trade. In view of the improved conditions, during the current year, Government hope that there will be a marked improvement in the collection work and that both the arrears and the current demand will be brought up-to-date.

The total demand including arrears, under house-tax and mohatarfa amounted to Rs. 15,649 of which only a sum of Rs. 9,783 was recovered leaving a balance of Rs. 5,866 for future recovery. Prompt steps should be taken to reduce the heavy arrears under this item as well as under rents from Cooly Colonies. The total expenditure for the year, excluding a sum of Rs. 20,681, under Public Debt, amounted to Rs. 93,569, being an increase of Rs. 17,321, over last year's expenditure. The increase was due partly to the payment of water-supply charges of the previous year during the year of report and to increase of expenditure under salaries, etc., due to the grant of Grain Compensation and War Allowances. The closing balance at the end of the year amounted to Rs. 28,199 exclusive of the investments of the Board in the Bank of Mysore and in War Loan.

4. *Public Works.*—Out of the allotment of Rs. 21,900 under this, head a sum of Rs. 16,072 was expended on works resulting in a lapse of Rs. 5,828. Out of this, a sum of Rs. 4,360 was reappropriated for other purposes, and the actual lapse was therefore only Rs. 1,460. The lapse is not much, considering the difficulties the Board had to meet with, during the year under review. Government note with satisfaction that the water-supply of the Kolar Gold Fields area as well as the supply to Cooly Colonies received adequate attention of the Board during the year.

5. *Public health, etc.*—Public health during the year suffered considerably owing to the prevalence of several epidemics in a virulent form. The total number of deaths during the year was 5,504 against 2,510 of the last year. Plague, Cholera and Small-pox each claimed a heavy toll and influenza accounted for as many as 1,547 deaths. There was an increase of mortality under other causes also, which may be due to the lowered vitality of the people, on account of the specially severe seasonal conditions.

No. R. 6531—L. B. 57-19-10, DATED 3RD DECEMBER 1919.

There was a fall in the numbr of births by 546. The number of vaccinations done during the year rose from 11,708 in 1917-18 to 15,535. Inoculation against plague was also carried on satisfactorily.

General.—The year was one of exceptional difficulty for the Board which had to face the prevalance of epidemics, high prices and scarcity of food grains and restricted trade facilities. The Government note with appreciation that with the co-operation of the Mining Board, and of the official and non-official members of the Board itself the period of stress was tided over satisfactorily.

Progress Report of Drinking Water Wells.

No. R. 6770-88—L. B. 32-19-17, dated 9th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ AGAIN—

Government Order No. R. 15029-36—L. B. 18-18-28, dated 23rd May 1919, reviewing Progress Report of Drinking Water Wells for the half-year ending December 1918.

READ—

The following communications from the Presidents of the District Boards, submitting statements showing the Progress of Drinking Water Wells works in their districts during the quarters ending 31st March and 30th June 1919.

(1) Letter No. Per. 18—L. B., 18-19, dated 14th April 1919, and letter No. Per. 10-4—L. B., dated 12th July 1919, from the President, District Board, Shimoga.

(2) Letter No. C. Per. 7-3, dated 22nd April 1919, and letter No. C. Per. 12-2, dated 1st August 1919, from the President, District Board, Bangalore.

(3) Letter No. Per. 1-7 of 18-19, dated 24th April 1919, and letter No. L. F. Per. 12-1 of 19-20, dated 13th September 1919, from the President, District Board, Kadur.

(4) Letter No. Per. 11-4—L. F. of 18-19, dated 26th April 1919, and letter No. 85—L. F. of 19-20, dated 12th August 1919, from the President, District Board, Chitaldrug.

(5) Letter No. C. Per. 116 of 18-19, dated 9th May 1919, and letter No. L. F. Per. 14-4 of 1819, dated 15th August 1919, from the President, District Board, Kolar.

(6) Letter No. Per. 9—L. F., dated 19th June 1919, and letter No. Gl. 232-19—L. F., dated 20th September 1919, from the President, District Board, Hassan.

(7) Letter No. D2. Dis. 665—L. B. of 18-19, dated 24th June 1919, and letter No. Per. 11-4—L. B. of 1819, dated 11th September 1919, from the President, District Board, Mysore.

(8) Letter No. L. F. Mis. C. 1734 of 18-19, dated 30th June 1919, and letter No. L. F. P. 6-5 of 19-20, dated 6th August 1919, from the President, District Board, Tumkur.

Order No. R. 6770-88—L. B. 32-19-17, dated 9th December 1919.

The scheme affording facilities in rural areas to sink Drinking Water Wells has been in operation for five years. From an examination of the statement attached to this order it is observed that the progress continued to be unsatisfactory during 1918-19 also as during the previous years. The detailed instructions issued from time to time for ensuring rapid progress under this scheme do not appear to have received adequate attention. Out of 3,000 wells stated to be required for the whole State and expected to be completed in 3 or 4 years *vide* Government Order No. 5248-59—San. 38-12-58, dated 6th January 1915, only 945 wells have been completed and out of a total allotment of Rs. 6,60,722 only Rs. 3,22,617 have been spent up to the end of June 1919.

2. Two hundred and forty-eight wells were completed during the year 1918-19, as against 239 in the previous year, and the total amount spent out of the Drinking Water Wells Fund during the year amounted to Rs. 85,770 as against Rs. 69,221 in 1917-18. The contribution from the raiyats in cash and labour amounted to Rs. 5,190 and Rs. 55,578 respectively during 1918-19, Bangalore District, completed 60 wells during the year, leading the other districts in regard to the number of wells. The progress in the Chitaldrug District was the poorest being 12 wells completed for the whole year. The progress during the first three-quarters of the year 1918-19 was very slow, the major portion of the work having been done only during the last quarter ending 30th June 1919. One hundred and seventy-nine wells were completed during this period out of the 248 for the whole year. The unsatisfactory progress during the first three-quarters is attributed to Influenza, adverse seasonal conditions and cost and scarcity of labour.

No. R. 6770-88—L. B. 32-19-17, dated 9th December 1919.

3. **The Government observe that the programmes and explanatory memos called for in the last para of Government Order No. 6101-9—L. B. 18-18-10, dated 18th November 1918, have been submitted along with the statements of progress received, from only two districts, *viz.*, Tumkur and Shimoga for the quarters ending 31st March 1919 and 30th June 1919. This is unsatisfactory. The attention of the Deputy Commissioners is invited to this defect and they are requested to see that such omissions do not recur.**

4. Only three districts are equipped with the Mustos Patent well boring plant. These boring plants do not seem to have been made use of largely. The Deputy Commissioner, Chitaldrug District reports that manila ropes of the required size was not available to work the plant. The Deputy Commissioner, Shimoga, explains that the plant was not used as no one acquainted with its mechanism and working was available. The Director of Industries will be requested to assist the Deputy Commissioners in securing trained men for the proper utilisation of the plants and render such other help as may be required in this connection.

5. The balance at the credit of the various District Boards under the Drinking Water Wells Fund is large amounting to Rs. 4,21,694 and there is great scope for continued effort and energetic work. With a view, however, to remove certain existing difficulties so as to ensure rapid progress of well works in the State, Government have, in their Order No. 2360-70—Ml. 30-18-5, dated 16th August 1919, reduced the raiyat's contribution to one-third the cost of each well and allowed discretion to the Deputy Commissioners to waive it altogether under certain special circumstances. With the facilities now added to those already sanctioned and the advent of good seasonal conditions, Government hope that an earnest effort will be made to secure substantial progress under the scheme in all the districts during the current year. The Deputy Commissioners are requested to take personal interest in regard to this scheme and impress on the local officers the need for greater promptitude and energetic action.

Administration Report, Kadur District Board.

No: R. 7307-9—L. B. 57-19-14, dated 30th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The District Fund Administration Report of the Kadur District for the year 1918-19, received with his letter No. L. F. Ped. 14 of 1919-20, dated 26th September 1919, from the President.

Order No. R. 7307-9—L. B. 57-19-14, dated 30th December 1919.

Constitution.—The Mysore Local Boards Regulation, II of 1902, was substituted by the Mysore Local Boards and Village Panchayets Regulation, No. VI of 1918, which necessitated the revision of the constitution of the various classes of local institutions in the district. The constitution of the various Taluk Boards and Village Panchayets under the new Regulation was fixed during the year. To give effect to the new constitution elections of members to the Taluk Boards and Panchayets were in progress during the year, and were almost complete at the close of the year.

Meetings and attendance.—Pending the revised constitution being given effect to the old District Board held 6 meetings during the year, of which 4 were ordinary, one adjourned and one special meeting. Similarly the old Taluk Boards continued to carry on the District Fund Administration and held in all 30 ordinary meetings. The Taluk Boards of Kadur, Tarikere, Koppa and Narasimharajapura failed to meet the required number of times. There was a fall in the attendance of both official and non-official members at these meetings. This is unsatisfactory.

Village Panchayets.—Thirty-two Panchayets were notified under the new Regulation of which 23 Panchayets were formed during the year. No work seems to have been done by these new local bodies as the report only refers to the work of the old Unions. The number of Unions was less by 2, being 7, as against 9 in the previous year, the Unions of Ajjampur and Shivane having been converted into minor municipalities. It is unsatisfactory to note that none of these held the prescribed number of meetings. The development of these Panchayets forms one of the main features of the Local Self-Government Scheme and it should be impressed on the Local Officers, the need for close supervision over the administration of these Bodies and their development on proper lines. A sum of Rs. 3,929 was realised in these Unions and a sum of Rs. 2,641 or about 67 per cent was spent in them. It is observed that notwithstanding instructions issued in this connection, separate accounts have not been opened for the Unions which have become Panchayets, the expenditure in one case being in excess of the income. The new rules *re* funds for Panchayets and maintenance of accounts for them should be given effect to early.

Finance.—There was an increase of Rs. 10,625 in the income of the Board during the year. The increase is due to a sum of Rs. 17,324 on account of cess on Excise Revenue for 1917-18 having been credited to the Board during the year of report. There was thus a fall of Rs. 6,699 in the ordinary income of the Board. The fall is noticeable under the heads "House Tax" and "Fees, Fines and Miscellaneous" due to the conversion of 2 Unions into municipalities and other fluctuating causes. It is not correct to show the collection under local cess as equal to the demand in Appendix IV. The correct Revenue demand should be ascertained and shown in the report against which the collection should be shown. The arrears of Rs. 3,787 are shown only under the head "House Tax" as it is one of the chief items collected by the Board's agency. It is necessary that the Board should show clearly all items of revenue due to it and the amounts which is given credit for. The total expenditure amounted to Rs. 67,176 against Rs. 69,901 in 1917-18. The closing balance of the Board amounted to Rs. 1,96,732 of which the Railway cess is reported to amount to Rs. 1,05,655. The actual closing balance to the credit of the Board may therefore be taken as Rs. 91,077 which includes the unspent balance under "Drinking Water Wells"

No. R. 7307-9—L. B. 57-19-14, dated 30th December 1919.

Public works.—The execution of public works by the Civil Department continues to be unsatisfactory. Out of an allotment of Rs. 6,690 a sum of Rs. 3,421 was expended resulting in a lapse 48·8 per cent as against 41·9 of the previous year.

Water-supply.—Forty-nine wells were in progress during the year and 17 were completed. The outlay incurred on them was Rs. 10,277 out of the balance of Rs. 23,059. The completion of the remaining well works should be expedited and the remaining amount worked out during the current year.

Public health and sanitation.—The total mortality during the year was 20,702 as against 4,365 of the last year. The total decline in population during the period of past eight years from 1911 is 24,103, out of which the year under report is responsible for 20,702, out of the total number of deaths during the year, the mortality from Influenza alone was 13,432 being 4·5 per cent of the total population. The causes for the gradual decrease of population in this district requires close examination with a view to remedial measures being adopted to check the further decline. This subject should engage the earnest consideration of the Malnad Improvement Committee.

It is satisfactory to note that the total number of vaccination done during the year was 10,229 against 4,435 in the previous year.

General.—The District Board have not been able to give effect to the provisions of the new Regulation fully and there are still several matters requiring their careful attention of which the most prominent are regularising the raising of taxes in Panchayet areas according to the rules issued and maintenance of proper accounts in them, and assignment of funds and delegation of powers to the Taluk Boards. These matters should be dealt with speedily and the administration of the Board under the new order of things placed on a stable basis.

Administration Report, Bangalore District Board.

No. R. 7296—L. B. 57-19-13, dated 30th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Administration of the Bangalore District Board for the year 1918-19, received with the President's letter without No.....dated 29th September 1919.

Order No. R. 7296—L. B. 57-19-13, dated 30th December 1919.

Constitution of Local Boards.—There was no change in the number of Local Boards in the district during the year, but the constitution of all the local institutions underwent a radical change consequent on the introduction of the new Local Boards and Village Panchayets Regulation VI of 1918. The elective principle was extended in the case of the District and Taluk Boards, and the Administration of the Panchayets placed on a more stable basis.

Elections under the new constitution were in progress in all the Taluk Boards but Government observe in this connection that the proportion of the number of registered votes to that of the entire population in the district is very low. The President of the District Board is requested to scrutinize the lists prepared in a few taluks with reference to the revenue records and ascertain whether the franchise has been properly extended and whether the public have been duly educated regarding their privileges.

Meetings and attendance.—The Taluk Boards of Hoskote, Dodballapur, Channapatna and Closepet did not meet the prescribed number of times. Three of the meetings of the Channapatna Taluk Board were adjourned for want of a quorum and the attendance of members at the meetings of this Taluk Board and that of Bangalore was below the average. This is not satisfactory.

Village Panchayets.—The 23 old Union Panchayets ceased to exist and Village Panchayets were constituted under the new Regulation in the case of 100 villages in the district. Panchayetdars were appointed in 91 villages, leaving 9 villages in the Anekal Taluk for which the Panchayetdars have still to be appointed. The Panchayets are reported not to have done much work during the year. More energetic action is called for in this connection and the development of these Panchayets should be carefully watched by the President of the District Board.

Finance.—There was an increase of 52,423 in the ordinary income of the Board, chiefly due to the additional allotment from the local cess realised on Excise Revenue being credited to the District Board. There was also an increase of Rs. 25,690 under ordinary expenditure, chiefly due to the larger outlay on Public Works under the control of both the Public Works and the Civil Department. Out of the total demand of Rs. 72,642 under house-tax including mohatarfa, only Rs. 36,720 was collected, leaving a heavy balance of Rs. 35,922, of which Rs. 18,054 is to be recovered in the Unions since converted into Village Panchayets. The President of the District Board states that arrears in some of the Unions exceed more than two years demand and unless effective steps are taken to recover them early, all chances of their recovery will be lost. This is very unsatisfactory. Now that many of the villages have been constituted into Panchayets, it should be possible for the President of the District Board to make special arrangements for the prompt recovery of all the arrears and satisfactory collection of the current demand under the new rules. The year closed with a balance of Rs. 3,09,646. The Taluk Boards and the Village Panchayets are to get for the first time separate funds of their own under the new Local Boards and Village Panchayets Regulation and the question of transferring a portion of the closing balance at the credit of the District Board to these bodies is said to be engaging the attention of the District Board. The President of the District Board is requested to see that this question is disposed of without delay so that all the local bodies in the district may be enabled to carry out their functions assigned to them satisfactorily.

No. R. 7296—L. B. 57-19-13, dated 30th December 1919.

Condition of roads.—The average cost of maintenance of the roads in the district was Rs. 123·5 per mile against Rs. 96 in the previous year, the variation being due to the increase of mileage grants for all roads under the control of the Public Works Department. During the year 181 miles of existing village roads were improved, while 18 miles of new roads were opened in the district. It is satisfactory o note that the existing village roads are reported to have been maintained in good tcondition.

Lapses.—The percentage of lapses under "A Public Works" rose from 6 to 25 per cent during the year and this is attributed to the prevalence of epidemics for a portion of the year and to the dearth of labor for the collection of necessary materials. The lapse under "B. Public Works under the Civil Department" also rose from 30 to 67 per cent of the sanctioned budget grants and this is said to be due to the practice of submitting for sanction estimates late in the year and bills just a few days before the close of the official year. Added to these, there were a large number of incomplete works to be completed during the year under review. This is very unsatisfactory. This President is requested to issue strict instructions to the Amildars for works being carried out according to a definite programme the overcrowding of payments at the end of the year being strictly avoided.

Rural Water-supply.—The total value of the work done for rural water-supply by the villagers amounted to Rs. 3,212 and the expenditure incurred from the Drinking Water Wells Fund was only Rs. 8,437 against Rs. 11,333 in the previous year. The outlay incurred on wells since the formation of the fund up to the end of the year under review was Rs. 43,662 and the unspent balance at the credit of the fund at the end of the year was Rs. 36,024. The progress continues to be slow. As the raiyats' contribution has been reduced to one-third the cost of each well, Government hope that the unspent balance will be worked out soon and a larger number of wells completed.

Public Health, Sanitation, etc.—Public health suffered considerably owing to the outbreak of the Influenza Epidemic in the first half of the year, so many as 24,851 persons having fallen victims to the disease. There was a fall of 2,109 in the number of births also. In addition to the four Vaidyasalas already existing, two new Vaidyasalas were sanctioned during the year, as the popularity of these institutions is increasing and they continue to do good work. The number of vaccinations also rose from 11,328 in 1917-18 to 14,786 during the year of report. This is satisfactory.

General.—The Administration of the District Board was on the whole satisfactory though several causes retarded better progress being shown under the new scheme introduced by the Local Boards and Village Panchayets Regulation. Normal conditions are returning now and the Government hope that every effort will be made during the current year to give effect to the several changes introduced, and see that the functions of the Taluk Board are clearly defined and proper funds are allotted to them.

Mysore City Municipal Administration Report.

No. R. 6617-8—Ml. 103-19-13, dated 5th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Administration Report of the Mysore City Municipal Council for the year 1918-19.

Order No. R. 6617-8—Ml. 103-19-13, dated 5th December 1919.

Constitution.—The triennial elections having fallen due during the year, 20 councillors were duly elected and the Municipal Council reconstituted in September 1918. In consequence of the appointment of Palace Controller who was the only *ex-officio* member not having been filled up from the 9th April 1919, and on account of a vacancy, the strength of the Municipal Council remained at 28 at the end of the year against the sanctioned strength of 30 members.

2. *Meetings and attendance.*—The total number of meetings held was 28 and the average attendance thereat remained the same as in the previous year, namely 21 and was on the whole satisfactory.

3. *Committees.*—Only five committees worked during the year. The Health Committee is reported to have had occasion to meet only once, and 5 out of 10 members on the Committee attended this meeting. The Municipal Council may consider whether it is at all necessary to have a separate Health Committee and if the Managing Committee may not be entrusted with the duties of this Committee also. The Audit Committee met only six times. This is not sufficient. The attention of the President is invited to Rule 362 of the Municipal Account Manual and he is requested to see that the Committee meets at least once a month to scrutinise the Municipal Accounts.

4. *Demand, Collection and Balance.*—The collection of both current taxes and arrears during the year was satisfactory. Out of the current demand of Rs. 59,423 under all items of taxation, except tolls and octroi, a sum of Rs. 52,812 or 89 per cent was collected while out of the arrears amounting to Rs. 15,421 a sum of Rs. 2,179 was remitted as being irrecoverable and Rs. 6,079 or nearly 40 per cent was left uncollected at the end of the year. The demand under Mohatarfa for the year under review fell from Rs. 9,188 to Rs. 7,999. There was also a slight decrease (Rs. 232) in the demand under taxes on vehicles and animals. But no explanation is forthcoming for these decreases.

5. *Finance.*—The income and expenditure under service heads amounted to Rs. 2,63,509 and Rs. 2,72,282 against Rs. 2,32,728 and Rs. 2,23,144 respectively in the previous year. The increase under receipts was chiefly due to enhancement of market fees and shop rents in the Devaraj Market and recovery of arrears of contribution from Government. The rise in expenditure was mainly due to revision of the establishments of the Municipal Council, extension of the Devaraj Market building, installation of electric lights to the Rangacharlu Memorial Hall and the Clock Tower, and to the debit in the current year's account of the entire charges incurred on account of compulsory primary education of boys in the city. To finance the heavy programme of expenditure during the year, fixed deposits in the Mysore Bank to the extent of Rs. 53,005 were withdrawn but out of this a sum of Rs. 30,000 was invested in the Government of India 5½ per cent War Loan Bonds, 1921. The closing balance at the end of the year was Rs. 16,430 and it fell short of the prescribed minimum by Rs. 3,570. The attention of the President is invited to para 5 of the Government Order reviewing the report for 1917-18, and he is requested to see that the prescribed minimum balance of Rs. 20,000 is always kept in the current account with the Mysore Bank as required by Rule 20 of the Municipal Account Manual.

6. *Medical relief.*—Four Local Fund Dispensaries and 5 Indigenous Hospitals were maintained during the year. The establishment of another Indigenous Hospital was sanctioned at the end of the year.

7. *Midwives.*—In addition to the Matron and 3 Midwives attached to the Vanivilas Hospital, there were four Midwives maintained from the Municipal Fund. Nine hundred and forty labor cases were in all attended to against 689 in the previous year.

8. *Markets and slaughterhouses.*—The Municipal Council maintained 3 markets and 2 slaughterhouses at a cost of Rs. 2,356. The revenue realised was Rs. 26,222 against Rs. 15,447 in the previous year. The large increase was due to stricter supervision, closer examination and enhancement of rents on shops and daily fees and prompter collection.

9. *Building licenses.*—Building operations were somewhat slow owing to rise of price of materials. An additional Sub-Overseer was employed to check encroachments and deviations from sanctioned plans and he attended also to the disposal of applications for building licenses. Out of 1,309 applications, 1,082 were granted, 185 rejected and 42 remained undisposed of. The prompt despatch of work in this connection is noted with satisfaction.

10. *Conservancy.*—The introduction of the daily conservancy system is stated to be still under the consideration of the Municipal Council. Appendix V of the report shows that there was no demand under "Special Sanitary Cess." There appear to have been no collections under this head since 1916-17. Early steps may be taken to introduce the daily conservancy system in consultation with the Mysore City Improvement Trust Board.

11. *The Sewage Farm.*—A sum of Rs. 1,308 was realised from the Sewage Farm against the outlay of Rs. 2,996 incurred during the year. Two portions of the Farm were planted with fruit trees and bannanas and another plot was laid out as a vegetable garden. The further development of this farm on commercial lines will be watched with interest.

12. *Public Health and Vital Statistics.*—Public Health during the year suffered most on account of the prevalence of influenza in a very severe form, the number of deaths from influenza being 1,296. The total number of births and deaths recorded during the year was 2,246 and 3,903 against 2,214 and 2,446, respectively, in the previous year. The birth rate was 31·04 per mille of population as in the previous year. The total mortality showed an increase of more than 59 per cent over that of the previous year on account of influenza, plague and other causes. The Municipal Council spared no pains to adopt all possible measures for granting relief to the afflicted during the influenza epidemic. It is also noted that the facilities graciously placed at the disposal of the Municipal Council by His Highness the Maharaja were fully appreciated and availed of largely in relieving the distress of the poor.

13. *Public Instruction.*—The expenditure incurred on public instruction amounted to Rs. 17,543 against Rs. 8,494 in the previous year. Twenty-five compulsory primary schools for boys were maintained exclusively by the Municipal Council.

14. *General.*—Government are glad to note that the revision of the establishments recently sanctioned has resulted in further improvement of collection work, and that the administration of the municipality continued on the whole to be satisfactory. In this connection, the attention of the Municipal Council is drawn to Government Order No. R. 4050-60—Ml. 98-19-1, dated 22nd September 1919, in regard to the regularisation and development of Municipal taxation and Government hope that as directed therein the Municipal Council will take prompt steps to levy such taxes as the Special Sanitary Cess, profession and terminal taxes and enhance the rate of lighting and water taxes in order to improve the resources of the Municipal Council so as to meet the growing demands of the City.

Government Order No. 4168-79—L. F. 36-02, dated 18th September 1902, appointing an Improvement Committee for submitting proposals for the improvement of the City of Mysore.

2. The City of Mysore Improvement Regulation III of 1903.

3. Administration Reports of the Mysore City Improvement Trust Board from 1903-04 to 1917-18.

4. Note dated 27th April 1910, drawn up by the Chief Engineer on the drainage of the Mysore City.

5. Government Order No. 6831-5—Ml. 136-11-7, dated 21st March 1912, prescribing a comprehensive programme of works to be carried out by the Trust Board from 1911-12 to 1918-19.

6. Government Order No. 3702-9—Ml. 163-14-1, dated 6th November 1914, prescribing a programme of works to be carried out in the immediate future for the improvement of Mysore City.

7. Government Order No. 221-5—Ml. 51-14-63, dated 12th July 1915, passing orders regarding the execution of certain improvement works by the Trust Board and raising the annual grant to the Trust Board to Rs. 3½ lakhs.

8. Government Order No. 5905-10—Ml. 95-17-5, dated 20th April 1918, raising the annual grant to the Trust Board, to Rs. 4½ lakhs for five years from 1918-19, and suggesting the desirability of financing productive works by raising loans.

9. Government Order No. 7415-7—Ml. 95-17-11, dated 14th December 1918, approving of a modified programme of non-productive works of the Trust Board for five years from 1918-19.

10. Notes by the President, Mysore City Municipal Council, on certain sanitary defects in the Mysore City and certain constructional defects in the new Devaraj Market

Order No. R. 6822-8—Ml. 142-19-1, dated 11th December 1919.

In Government Order No. 5905-10—Ml. 95-17-5, dated 20th April 1918, the needs of the Trust Board in the near future were comprehensively considered and an increased grant of Rs. 4½ lakhs per annum was sanctioned having regard to the increased activities of the Board. With a view to secure the systematic and speedy execution of the necessary works, a quinquennial programme was also prescribed in Government Order No. 7415-7—Ml. 95-17-11, dated the 14th December 1918. The line of action defined in the earlier order above referred to has resulted in bringing to the notice of Government certain important questions of a far reaching character in regard to both productive and non-productive works—a classification for the first time introduced in the order of April 1918, that it is again necessary to clearly indicate the lines on which the Trust Board should carry on its future programme. Before doing this, however, Government consider that it would be advantageous to review the work of the Trust Board, since the commencement up to date and proceed to do so accordingly.

2. *Prior to the Trust Board.*—The insanitary condition of the City, prior to the outbreak of the epidemic of plague in 1898, had engaged the attention of Government and several improvement works had been planned and carried out by a Special Sanitary Division (under Mr. Standish Lee), established by the late Sir K. Sheshadri Iyer. The chief works executed by the Sanitary Division were the following :—

(*a*) Filling up of a portion of Purnaiya's Nalla.

(*b*) Sewerage of the Fort and the Palace.

(*c*) Filling up of the ditch round the Fort and converting it into a park.
(*d*) Laying out of the Chamarajpuram Extension.
(*e*) Water-supply to the City.

A sum of Rs. 5·7 lakhs had thus been spent on such works between the years 1892 and 1903.

3. *Improvement Committee.*—The frequent and virulent epidemic of plague in the City since it first appeared in the State in 1898, necessitated the investigation of the question of devising a complete scheme for systematically and thoroughly improving the City. The Government in their Order No. 4168-79—L. F. 36-02, dated 18th September 1902, accordingly constituted an Improvement Committee with the Chief Engineer as Chairman to prepare schemes on comprehensive lines for the improvement of the slums of the City, for the provision of a suitable drainage scheme and for housing the displaced population. The Committee after careful and long deliberation matured a number of projects showing in detail the improvements to be effected in different parts of the City. These projects which were estimated to cost about Rs. 23 lakhs comprised the following.

(1) The formation of new and the alteration of existing streets, and the creation of open spaces with the object of removing congestion and securing more light and ventilation.
(2) The provision of a proper drainage system in place of the illgraded and inefficient V-shaped slabbed drains.
(3) The removal of insanitary blocks.
(4) The provision of dust-bins and public latrines for better sanitation.
(5) The design of various types of buildings on cheap and sanitary lines for such of the poor and working classes as would be displaced in the execution of the schemes.
(6) The formation of extensions.

4. *The Trust Board.*—To mature these schemes and to carry out the improvements and to administer the properties acquired a special agency with a legal status was brought into existence under the Mysore City Improvement Regulation of 1903, in the latter part of the year. The Trust Board accordingly commenced their duties in the early part of 1904 and directed their efforts mainly to carrying out the projects matured by the Improvement Committee of 1902. Though the drainage programme and the acquisition of properties received the greater portion of the attention and finances of the Trust Board, a few other works of public convenience were added to these schemes from time to time and by the year 1911-12, the Trust Board had 42 works of various kinds on their programme estimated to cost about Rs. 27 lakhs, of which works to the extent of Rs. 23·3 lakhs had been carried out. It is, however, noted that increase over the original estimate was chiefly contributed by the amount of Rs. 6·12 lakhs required for and Rs. 5·8 lakhs spent on acquisition of properties in the Fort area. This may be regarded as the first period of the Board's activities.

5. In March 1912 a new order of things was introduced. In a note prepared in April 1910, the then Chief Engineer Mr. (now Sir) M. Visveswaraya brought to the notice of Government certain defects under the drainage scheme carried out so far and urged the need for a revised scheme of underground sewerage and drains suited to conditions prevalent in other Indian Cities for this City also. A revised scheme of drainage estimated to cost Rs. 14·69 lakhs was accordingly prepared and submitted to Government, along with a comprehensive programme for 8 years commencing with 1911-12. This programme involving an expenditure of Rs. 23·67 lakhs was sanctioned by Government in their Order No. 6831-5—Ml. 136-11-7, dated 21st March 1912. Under this programme also prominence was given to the sanitary needs of the City, while works of public utility came next. By the year 1915, however, ideas regarding the future development of the City not only on sanitary lines but on aesthetic considerations also were in evidence, and the late Dewan, Sir M. Visvesvaraya after a personal inspection of the City prescribed in Government Order No. 3702-9—Ml. 165-14-1, dated 6th November 1914, a further programme of works to be undertaken by the Trust Board. Besides these two comprensive programmes, several other works received sanction of Government separately and individually from time to

time, so that by the year 1917-18 the requirements of the Trust Board had far exceeded the limitations imposed under the programme of March 1912, while the programme itself had not been carried out to the extent anticipated. A review of the work done, and remaining to be done prepared in the latter part of 1917, disclosed that the total number of works the Trust Board had been required to attend to was 66 at an estimated cost of Rs. 56·89 lakhs. The following classification of works contained in one of the letters of the Chairman indicated the extent to which and the directions in which, the activities of the Trust Board had developed :—

Works	No.	Estimated cost	Expenditure incurred up to end of 1916-17
		Rs.	Rs.
1. Sewerage and drainage works	15	18,32,844	6,93,737
2. Works of public convenience or attractions of the City ...	30	6,12,317	2,16,703
3. Schemes for acquisition of properties	11	27,43,825	16,96,560
4. Works for the expansion of the City	4	4,40,010	41,732
5. House building scheme	1	30,429	12,155
6. Miscellaneous improvement works	5	29,856	14,381

Though a total grant of Rs. 44·44 lakhs had been made to the Trust Board since the commencement up to the end of 1916-17, there still remained works of various classes to be carried out at a cost of about Rs. 30 lakhs. These together with the project relating to the acquisition of all properties in the Fort at an outlay of over Rs. 11 lakhs, required in all nearly Rs. 42 lakhs exclusive of establishment charges. As the whole amount required could not be made available out of State Funds and with a view to secure the completion of the works within a reasonable time, the works were divided in the order of April 1918, into two classes productive and non-productive, the former to be financed by means of loans and the latter out of the annual State Grant which was increased to Rs. 4½ lakhs.

I.—Non-Productive Works.

6. The main items that come under this head are the drainage and sewerage works, the acquisition of properties, and other works adding to the public convenience or the attractions of the City.

7. (*a*) *Drainage and sewerage works.*—These works form one of the older items on the programme of the Trust Board operations. A great deal had been done prior to 1912, in completing the projects planned by the Committee appointed in 1902, and a sum of Rs. 7·45 lakhs had been spent by the time the new scheme of underground sewerage and drains was introduced. The total estimated amount required under the new scheme for all sewerage and drainage works is Rs. 18·32 lakhs of which works to the extent of Rs. 8·84 lakhs have already been carried out. A large portion of the work thus remains incomplete and greater attention seems to be called for for expediting their completion. Besides the incomplete works which should not be postponed long the President of the Municipal Council has brought to the notice of Government certain defects in the present drainage arrangements of the City requiring early removal. The note of the President is printed as Annexure No. II to this order. Government agree that the following suggestions made by the President require to be attended to without further loss of time:—

(*a*) Accumulated debris and filth from all parts of the City must be immediately removed.

(*b*) Narrow and blind lanes should be opened out.

(*c*) Departmental conservancy should be introduced and all latrines in houses should be caused to be built of the daily conservable type, the existing pit system being done away with.

(*d*) Drainage operations must be first commenced and thoroughly completed in the congested central parts of the City.

(*e*) House connections must be of a model typ

(*f*) The 'U' shaped cement drains wherever their beds and sides have broken must be immediately put into order, and

(*g*) sufficient staff should be employed solely to attend to house connections and drains.

The Chairman is requested to study these requirements and submit proposals for giving effect to the suggestions made above in consultation with the Municipal Council.

8. (*b*) *Acquisition of properties.*—The expenditure under this head has grown beyond expectations. When the Trust Board operations were first started, it was expected that a sum of Rs. 12·35 lakhs would meet the needs of the Board in this direction. But the needs of the City have grown considerably since then and the total amount spent under this head amounts to Rs. 17·24 lakhs against the estimate of Rs. 27·42 lakhs required for 7,611 properties. Deducting from this estimate the amount of Rs. 2·96 lakhs required for the Devaraj Market square improvements a work now treated as productive, there remain 1,923 properties to be acquired at a cost of about Rs. 7·26 lakhs. As only a provision of Rs. 2·96 lakhs has been made in the quinquennial programme prescribed in December last this work will be one of the items that will remain incomplete at the end of 1922-23. Government, however, consider that this is inevitable, but they hope that with the completion of all the Fort improvements during the next five years, funds will be set free for vigorously pushing it on to an early settlement. The acquisition of properties in the Fort area has also received due consideration of Government, since 1908-09, when a scheme of improvements at a cost of Rs. 6·12 lakhs was projected. Additional schemes were also sanctioned in subsequent years. Out of the total estimate of Rs. 7·80 lakhs for these improvements an expenditure of Rs. 4·28 lakhs had been incurred up to the end of 1917-18. When the revised policy of Government was laid down in the order of April 1918, the Fort area came in for special treatment, and a sum of Rs. 2 lakhs annually has been earmarked out of the grant for the Trust Board for carrying out a comprehensive scheme of improvements therein. The scheme itself estimated to cost about 11·59 lakhs was sanctioned in G. O. 8286-9—Mr. 24-15-135, dated 29th June 1918, and included the acquisition of all private houses in the Fort. With the facilities now afforded, the Government expect that the question of Fort improvements will have been satisfactorily settled before the close of the quinquennium ending with 1922-23.

9. (*c*) *Other works.*—Thirty-seven works of various kinds calculated to improve the utilitarian and aesthetic aspects of the City and estimated to cost Rs. 5·37 lakhs have been undertaken by the Board from time to time. An outlay of Rs. 2·26 lakhs has been incurred on them so far. The more important of the works remaining incomplete are those relating to the improvements to the Devaraj Market, the construction of Municipal Office Buildings, laying out Bamboo Bazaar grounds and a few others. All these improvements have been duly considered in the quinquennial programme sanctioned in December 1918, and are expected to be completed before the year 1922-23. But in a note of his on "the constructional defects of the Devaraja Market", printed as Annexure No. I to this order—the President has brought to the notice of Government the urgent need for effecting certain improvements suggested by him in order to make the stalls convenient, nice-looking, sanitary and rodent-proof. Government observe that before further work is carried out on the scheme, the removal of these defects should be attended to. As regards the construction of the Municipal Office Buildings, Government consider that it is a work of some magnitude and having regard to the insufficiency of funds at the disposal of the Board as also the likelihood of the revised estimates considerably exceeding the original estimates, it is necessary that the Municipal Council should contribute a larger share towards the cost of the buildings. The President of the Municipal Council is requested to submit in consultation with the Municipal Council suitable proposals in the matter.

10. *Extensions.*—The expansion of the City by means of extensions was one of the earliest improvements contemplated by the Board, as the result of whose activities

4,193 sites were formed and made available for building purposes up to the end of 1917-18 in the several extensions as noted below:—

Chamundi Extension	1,050
Dodda Hôlagere Extension	974
Idga New Extension	584
Weavers' Lines Extension	200
Jalapuri Extension	198
Idga Old Extension	182
Lakshmipuram Extension	43
Bakshibasappaji Urs' Garden Extension	66
Additional sites in minor extensions	13
Inside the City out of acquired portion	883
Total	4,193

Up to the end of June 1918, 4,153 houses were acquired in all by the Trust Board and the accounts show that during this period only 3,215 new houses have been constructed in the extensions and the City. It is therefore necessary that in order to locate the displaced population and prevent overcrowding at least 1,000 houses have to be constructed and more sites in new extensions should be laid out in order to provide for the population still to be displaced by the operations of the Trust Board in the near future and also to meet the growing requirements of the City.

11. *Productive works.*—The following works have been classed as productive works to be financed either by loans granted by Government or by loans raised in the open markets:—

	Rs.
(*a*) Improvement of Devaraj Market Square	4,48,000
(*b*) Scheme for housing the poor, including loans	4,06,000
(*c*) Laying out Vontikoppal Extension	3,00,000
Total	11,54,000

The Trust Board applied for a loan of Rs. 10 lakhs from Government during the next five years to finance these works ; but subsequently they modified their request by applying for a loan of only 5 lakhs of rupees to attend to items which are of immediate importance, the improvements to the Devaraj Market Square being deferred for the present. Government regret that under the existing conditions it will not be possible for them to advance the loan. They, however, realise that the question of housing the poor and the middle classes is a matter which calls for urgent attention and some satisfactory solution of the problem should be arrived at in the near future. The raising of a loan in the open market would perhaps be one of the modes by which this question may be satisfactorily settled ; but it is seen that under the existing Regulation the Board have no power to borrow funds. Nor is it desirable that the Board should enter into financial arrangements which would require a number of years for adjustment. Government, therefore, consider that it would be a more satisfactory procedure if the Municipal Council can borrow the required amount at a reasonable rate of interest to be guaranteed by Government and advance it to the Trust Board for affording relief to the displaced population in the shape of house building loans and other necessary measures. It has been suggested that though a loan may have to be raised in the open market at a high rate of interest the Board may charge a lower rate of interest on the advances made by them, the loss sustained in this connection being borne by the Government. Government will be prepared to consider favourably any workable scheme on the lines indicated above and to make good the loss arising in the payment of interest to the debenture holders. This question is one in which both the Municipal Council and the Trust Board should co-operate and the Government earnestly hope that a mutual understanding will be arrived at by these bodies in this matter at a very early date.

12. *General.*—The Trust Board have been carrying on their operations for a little over fifteen years and have received a grant of about 47 lakhs from State Funds,

which has been supplemented by another sum of six lakhs, the sale proceeds of properties sold, raising thus the total receipts to Rs. 53 lakhs of which the Board have incurred an expenditure of Rs. 52 lakhs. Still it cannot be said that the sanitary condition is all that may be desired. The sewage and drainage works are not yet complete and sufficient attention has not been paid to house connections and flushing system. The important question of how to maintain the completed works in efficient condition and prevent them from falling into disrepair awaits solution. Government are glad to note that the Trust Board have, from the beginning directed their attention to the problem of housing the poor but the progress made so far judged from the number of houses built (105) is not commensurate with the needs of the City. The Chairman is accordingly requested to revise the programme sanctioned in December 1918 in the light of the above observations and resubmit the same at an early date.

13. *Audit of accounts.*—The accounts of the Trust Board have not been regularly audited. Since the commencement of the Trust Board operations the accounts have been audited only thrice. Sufficient attention is not being paid to the collection of money due to the Board. Proper Capital and Revenue Accounts should be maintained and the accounts audited half-yearly. The Comptroller is requested to arrange for such half-yearly audits. Instances have also come to the notice of the Government where the properties and houses acquired years ago have been allowed to remain in the possession of the previous owners long after their acquisition. Greater scrutiny and check in these matters are absolutely necessary. The Trust Board should have a proper inspecting staff to look after their properties and their future disposal.

14. As regards the finances of the Trust Board, Government observe that it will not be possible to increase the State grant in the near future, but they are confident that, should the loan scheme be satisfactorily launched with the co-operation of the Municipal Council, there will be great scope for a systematic and energetic programme being carried out to satisfaction.

Exd.—C. R.

ANNEXURE I.

Note on certain constructional defects in the New Devaraj Market.

1. The platforms for the stalls.

(1) *The first step.*—This is far too high. Old people cannot climb it with safety. Some people in trying to climb it have hurt themselves.

Arrangements must therefore be made to put up an intermediate step. A type of a step in the form of a bench between the cellar doors, has been fixed for one of the stalls, and the rest of them should be fixed as quickly as possible to avert danger and blocking the passage as is now done in their absence.

(2) *The surface of the steps of the platforms*:—The surface is paved with rough burnt stones. When this important market was being designed on sanitary grounds it was specifically laid down that the stones should be well dressed. These, however, not having been sufficiently finely dressed, their surface is very rough and pitted, allowing accumulation of dirt and filth which cannot be easily swept or washed out. Further, they not having been evenly laid, when looked at from one end of the stall, the surface looks undulating and is unsightly.

(3) *The jointing between the slabs*:—The edges and ends of these slabs not having been properly dressed, two adjoining slabs do not approximate to each other. The result

is crevices and gaps. These have been filled up with a very inferior kind of mortar which has already given way in many places leaving unsightly and insanitary gaps which cannot be satisfactorily closed unless the slabs are properly dressed.

(4) *The cellars*:—There is one cellar under each stall. This cellar has a door in front and three port-holes on the top. These ports are evidently intended to let bad air out from the stalls.

It is not clear how they will do this. If bad air has to get out, it has to be driven out by a blast of fresh air from below. The cellar doors when shut at nights and at other times, not having been provided with any inlets for fresh air, foul air from the cellars cannot get out. There is thus no facility for ventilation of the cellars but it seems as though in these port-holes every facility has been provided for admitting reptiles and rodents into the cellars. It can be imagined how damaging to stall holder's articles and how dangerous to the visitors and stall-holders in plague seasons these non-rodent proof cellars are.

The walls of the cellars not having been built of sound and strong materials, rodents have already burrowed through them into the cellars. What with the unprotected port-holes and the rat burrows through the walls, there is no safety either to property or life of the vendor and the visitor.

The doors of the cellars are of unseasoned wood which have already warped and do not fit well. Hooks or bolts should be provided inside so that they may be tightly shut to keep out rodents, etc.

Again the flooring of the cellars is lower than the level of the passage in front. The result is, the cellar washings cannot possibly be drained out.

The cellars therefore require improvement. They should be provided with facilities for ventilation and they should be rat proof.

It is suggested that the doors of the cellars be perforated and lined inside with fine wire netting. These will allow fresh air to get in and at the same time keep out rodents. Similarly the portholes should be protected inside by fine wire netting. A better kind of durable and hard material should be used for plastering the walls of the cellars, to prevent rodents from burrowing. All the doors should be made to fit well.

To enable thorough washing of the floors of the cellars, they should be laid at a higher level than the passage in front, with a gentle gradient towards the door and with a small outlet under the door sill.

II. The iron pillars supporting the roof.—These have not been fixed properly with bolts and nuts at their feet, nor with their full compliment at their crown. These require to be attended to.

III. The storm water drains.—These have been closed over by slabs. The sides of these slabs not having been properly dressed, the adjoining surfaces do not approximate to each other. The result is earth and sand with lot of sweepings and rubbish get through the crevices and gradually choke up the drain. If the slab covering of the drain is not immediately mended, earth and sand and other market debris will keep constantly getting into the drain and eventually lead to obstinate chokage and trouble necessitating constant ripping open of the drain—by no means an easy and cheap task. It is already well-nigh getting choked up.

It is therefore necessary that these covering slabs are laid properly without any crevices between them.

IV. The following urgent improvements are therefore needed to make the market and stalls convenient, nice looking, sanitary and rodent proof:—

(1) An intermediate step for each stall.
(2) Even laying of properly dressed slabs, on the surface of the platforms.
(3) Filling in of all gaps and crevices with proper hard and sound materials.
(4) Providing ventilation facilities for the cellars and making them rodent proof by perforations in the cellar doors and lining the doors and port-holes inside with fine wire netting, and getting the doors to fit well.
(5) Raising and properly grading the floors of the cellars to facilitate their washing.
(6) Cementing the cellar walls particularly the angles between the walls and the floor with some hard setting cement, to prevent rodents from burrowing into them.
(7) Fitting the iron pillars with proper bolts and nuts.
(8) Properly approximating the adjoining surfaces of the covering slabs over the storm water drains.

ANNEXURE II.

Note on "Certain Sanitary defects in the City of Mysore."

1. Debris and refuse.—In various parts of the City, a large number of houses have been demolished and new roads and lanes have been opened. Some of these lanes have

not been completely opened out and formed; some are very narrow and some have been left blind. Masses of debris and mounds of earth from demolished buildings lie in heaps in these unformed and unfinished roads and lanes, and in laying down the underground sewers these roads and lanes are further much damaged and mounds of earth are allowed to lie on them unremoved.

These areas besides being unsightly offer good cover to nuisance of all sorts; and to conserve them is a very difficult matter. Traffic in them is impossible or risky. Where the debris and refuse lie against the walls of several unfortunate houses, there are constant and bitter complaints of dampness and damage to properties.

II. In accessibility and difficulties for house scavenging.—A large number of houses in congested parts have no access for the removal of nightsoil and many have no places for latrines in the premises. In areas where sewers have been laid, latrines on the flush system cannot be introduced for want of sufficient water. The conservable houses are now therefore being conserved on the dry system. There being no Municipal house scavenging system, the Municipal sweepers working as private scavengers very often take advantage of the debris-heaps, holes and crevices in them, narrow blind lanes and dust-bins for depositing the nightsoil. The result is intolerable nuisance and increasing unhealthiness to the localities.

It is therefore essential that departmental conservancy of houses should be introduced and arrangements made to satisfactorily dispose of the nightsoil by trenching, till the flush system comes to be generally adopted.

These defects, incidental to incomplete works, accentuated by non-removal of accumulated debris and filth, are the more glaring particularly in Mandi and Lashkar Mohallas where the poor, especially the Muslim poor live. It is here that plague epidemics start. It is here that consumption is on the increase. It is here, as a result of lowering of the human vitality, that chronic ill-health prevails and mortality is high. And all this, despite all that has been done to open the areas out and improve them, which after all has only been partial.

It is therefore of the utmost importance and urgent necessity that steps should be immediately taken to remedy or remove these defects both from the sanitary and aesthetic points of view. In some cases acquisition proceedings have further to be proceeded with, to widen or run through the narrow or blind lanes and also to open out new lanes for giving access to conserve houses which now lack such facility.

III. 1. *Drainage.*—The underground pipe system-sewers. These have been laid in the greater part of the City. They are ultimately intended to serve as sewers proper, when the latrines on the flush system are introduced. At present they carry only waste and slop water from houses and washings from the latrines, and not all houses are connected with these sewers by house connections.

The arrangement of the house connections where effected, is theoretically sound. But in the practical working, these connections have been a source of great nuisance to the Municipality and much more to the house-holders. The circular grating either inside the house or at the house end of the gully trap gets choked up very often. If the one inside gets choked up, the water backs up and gives cause for constant complaint. If the house end of the gully gets choked up, there is overflow from the cistern and the water gets into the surface drain and causes nuisance. Several factors contribute to this chokage.

(i) *The habits of the people.*—They use ash, tamarind, charcoal, sand, earth, straw, cocoanut-fibre, etc., for washing their utensils, etc. These, as also other solid matter get to the mouth of the gratings and choke them up. It has been found, that a few tamarind seeds and pebbles and pieces of charcoal with a little straw or hair, have been enough to cause chokage. The people's sentiments do not permit of their touching the gratings to clear the chokage. The result is loud complaints of nuisance and noxious gas, etc.

(ii) *Mischief by street children.*—The children playing about the streets and lanes very often playfully drop sand, earth and stones into the house connection cisterns. These choke up the grating at the house end of the gully and some sand and pebbles get through the grating and choke up the gully trap as well. The result is overflow in the cistern. If there is a surface drain the overflow flows in it. In several places, *e.g.*, near the Technical Institute—there are no surface drains and the whole water overflows on the road, causing nuisance and unsightly slush.

(iii) Again, all the houses abutting on a lane or road containing a sewer have not been given house connections. The result is that the unconnected houses lead their filthy water into surface drain and cause nuisance. Very little advantage therefore accrues, from such partial house connections, to the health of the street. As a result of constant chokages and unconnected houses, the surface drains do receive foul water and sullage which are a source of dangerous nuisance to the locality.

2. *Surface drains.*—The cement U-shaped drains. These have been built by the Trust Board in over half the portion of the City. These vary in size in different streets according to the water they are calculated to carry. In some places, as in Mandi and Lashkar Mohallas in particular, great many of these have practically disappeared. All that remains of what once were drains are a few pebbles embedded in concrete. In some places where generally they appear sound, their bottoms have broken, causing stagnation of water and nuisance as in the main Nazarbad road and the Bazaar road in Ittigegud.

In the early days of the Trust Board, when the Engineers believed in the combined drainage system which carried both storm water and sewage in the same pipe, silt traps were constructed on the U-shaped cement drains to prevent road silt getting into the sewers. Later, this combined system having been given up and the "separate" system introduced, these silt traps had no functions to perform. They have however been left as they are. They have now become breeders of mosquitoes and stagnant pools of filthy water. They are no more than stink spots on the surface drains.

3. *The open stone box drains.*—These, built in pre-Trust Board days to carry off all water, *i.e.*, household waste and storm waters, still continue to do the same functions though the operations of Trust Board have been in existence, for some years.

These drains have slab bottoms and rough stone sides. The slabs have sunk in places and the gradients not being steep enough, there is stagnation of filthy water and soakage into sub-soil. The adjoining house owners raise a piteous wail and loudly complain of foul smell, dampness and ill-health.

The conservancy department find it absolutely impossible to conserve these satisfactorily, owing to the constant flow of foul sullage and sewage from the adjoining houses which have all not been given house connections, and owing also to the irregularity in the beds and sides of the drains.

4. A few more of the other drawbacks are—

(i) Some house connections have no overflow pipes.

(ii) The external openings of certain overflow pipes project beyond the cistern. When there is chokage, foul water getting into the overflow pipe, instead of dropping either into the cistern or the surface drain, flows on the road. Some overflow pipes have broken external ends. One would have thought that the overflow pipe should be a curved pipe comfortably hanging over the cistern in an unobstructive fashion. In many places this is not so.

(iii) In Fort, in the rear of Sirdar Kantharaj Ursu's house it was recently accidentally found that a pipe emerging from a house connection cistern had holes in three places which had been covered with pieces of pot tiles. Within a foot or so of this punctured pipe ran the drinking water pipe which had a small hole and a leaky joint. Both the sewer pipe and the water pipe with free leakages and contamination were buried underground. How dreadful, consequences in this case might have been, one shudders to think of.

Such are some of the present defects in the drainage arrangements in the City.

These defects do not admit of an adequate return in Health for the huge amounts spent on drainage works.

IV. *Communal Arrangements.*—There are several other communal problems which have still to be tackled if anything like comfort and convenience to the people have to be provided, *e.g.*, provision of public latrines, urinals, bathing and washing places, etc. These depend on the water-supply. The present supply not being enough these problems have been set aside. Some public latrines on the flush system were constructed by the Trust Board at some cost; sufficient water not being available, these have all been closed down and stand idle. There not being sufficient public latrines which can be availed of by the people, particularly of congested areas, the surface drains and maidans, hollows and crevices amongst the debris and mounds of earth in lanes and roads, are all freely being resorted to for nature's purposes. Such habits of the helpless people, make the conservancy work very heavy; so much so that even a staff of 400 sweepers and scavengers working in the City cannot cope with the work of keeping the constantly fouled drains and maidans, etc., clean. The frequent chokages of house connections, the stagnation of water and filth in the broken U shaped drains and the silt traps in them and the messy box drains, do not render the work of the conservancy staff any, the easier.

If, therefore, the sanitation of the City and the health of the people are to be improved at all the existing drainage defects must early be remedied and some public sanitary conveniences in the shape of public urinals, latrines, washing and bathing places promptly provided ere long.

V. *Suggestion.*—The following are suggestions for remedying the existing defects:—

(1) Accumulated debris and filth from all parts of the City must be immediately removed.

(2) Narrow and blind lanes should be opened out.

(3) Departmental conservancy should be introduced in the City and all latrines caused to be built of the daily conservable type, the existing pits being done away with.

(4) The drainage operations must be first commenced and thoroughly completed in the congested central parts of the City.

(5) The house connections must be of a model type, and not as they are at present.

(6) The U-shaped cement drains wherever their beds and sides have broken, must be immediately put into order.

(7) Sufficient staff should be employed solely to attend to house connections and drains.

If these defects are not remedied early, things would become worse and ill-health would be perpetuated.

Some combined measures on a clear understanding and active co-operation between the City Municipal Council and the Improvement Trust Board, with effective co-ordination of their resources, are necessary to remedy these evils. A complete survey of the existing easily remediable defects should be taken and a definite programme of all essential sanitary works prepared and vigorously worked out with specific allotments earmarked for the same.

It is also evident that the Municipal Council by itself will not be able to cope with the requirements partly inherent and partly due to the late plague and subsequent Trust Board operations which, commenced under stress of circumstances and financial straits, have now to be completed if the City is to derive the benefits of the large expenditure hitherto ungrudgingly incurred by the State.

No. 4786-846—I. & C. 285-18-5, DATED 5TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 7466-71—I. & C. 119-16-2, dated the 14th March 1917, sanctioning the publication of a notice in the *Mysore Gazette* inviting applications for starting an up-to-date furniture factory in the State subject to certain conditions, and requesting the Secretary, Industries and Commerce Committee, to submit a report on the result of the action taken.

2. Letter No. 3102, dated 24th May 1919, from the Secretary, Industries and Commerce Committee, forwarding an extract from the resolution of the Committee accepting a scheme put forward by Mr. P. A. Barton for starting an up-to-date furniture factory in Bangalore on a joint stock basis and recommending that as no local capitalist has come forward to start such a concern under the conditions mentioned in the above Government Order Mr. Barton's scheme as finally approved by the Committee may be sanctioned.

Order No. 4786-846—I. & C. 285-18-5, dated 5th December 1919.

Mr. P. A. Barton of Messrs. Barton Son & Co., Bangalore, has made the following proposals for raising the capital required for the concern :—

(i) That the nominal capital of the concern to be started be fixed at Rs. 4 lakhs the initial working capital being Rs. 2 lakhs half of which will be subscribed at once.

(ii) That he be permitted to raise the initial capital required without the restriction originally imposed upon, *viz.*, that the capital should be found within the State, provided every opportunity is afforded to Mysoreans who come in, and

(iii) that when the factory is established as a sound business undertaking it be converted into a Limited Liability Company with a capital of 4 lakhs the new shares being offered to the people of Mysore State in the first instance.

2. The Industries and Commerce Committee have approved of the scheme as detailed above and recommended the grant of the following concessions to the factory to be started :—

(*a*) A site on special terms at Yesawantapur or any where else as may be indicated.

(*b*) Assistance to lay a Railway siding.

(*c*) Supply of electric power at special concession rates.

(*d*) Including the name of the firm in the list of firms from which Government purchases are generally made.

(*e*) Exemption from the payment of income tax for the first ten years in the event of its introduction into the State.

3. Government are pleased to approve of the recommendations of the Industries and Commerce Committee subject to following modifications :—

(i) No exemption from the payment of income tax or other taxes can be given.

(ii) An assurance will be given to the Syndicate that provided rates are reasonable and workmanship is of the required standard, orders for a portion of the furniture required by Government from time to time will be placed with the firm.

(iii) The site for the Factory will be granted at actual cost of acquisition subject to resumption at the option of Government on payment of the price for which the land was sold to the Factory, whenever it ceases to be utilised for the purposes of a furniture factory.

No. 4786-846—I. & C. 285-18-5, DATED 5TH DECEMBER 1919.

These concessions are subject to the condition that the capital is raised and the factory started within one year from the date of the order.

4. No orders can be passed now on the question of assistance for laying a railway siding and the supply of electric power at concession rates, which may be brought up before the Departments concerned after the factory comes into existence to be dealt with under the rules.

The progress made to bring the undertaking into operation may be reported to Government by the end of December 1919.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Industries and Commerce Committee.
The Conservator of Forests in Mysore.
The Comptroller, Mysore Government, through Financial Secretariat.
The Deputy Commissioners of Districts.
The Secretary, Economic Conference.
The Secretary for Railways.
The Chief Electrical Engineer.
The other Heads of Departments.

Exd.—C. R.

No. 5016-75—E. C. 15-19-55, dated 10th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 514-66—E. C. 15-19-1, dated the 12th July 1919, sanctioning the reconstitution of the Economic Conference with effect from the 1st January 1920.

Order No. 5016-75—E. C. 15-19-55, dated 10th December 1919.

In accordance with para 4 of the Government Order read above the existing Central Agencies of the Mysore Economic Conference, *viz.*, the Standing Committee and the three Central Committees of Education, Agriculture and Industries and Commerce will cease to exist as such with effect from 1st January 1920, and will be replaced by the Economic Development Board and the Boards of Education, Agriculture, Industries and Commerce and the Board for Scientific Research and Advice. Necessary orders reconstituting the Central Boards on the lines already approved by Government as laid down in para 7 of the Government Order referred to above will issue in time to enable the newly formed Boards to start work with effect from 1st January next.

2. The work of the District Committees and Taluk Progress Committees has to be transferred to the District and the Taluk Boards, respectively, from January next in accordance with para 8 of the Order read in the preamble. The question of amending the Local Boards and Village Panchayet Regulation so as to make the work now attended to by the various bodies connected with the Economic Conference, an obligatory function of these statutory bodies is before Government. As all these functions can be exercised to a certain extent by local bodies and Village Panchayets under Sections 9 (3) and (4) and 54 (*e*) of the Local Boards and Village Panchayets Regulation, Government consider that the final devolution of these duties on them need not be deferred till the Regulation is fully amended. Government are, therefore, pleased to direct that arrangements be made at once to transfer economic work in the districts to the District and the Taluk Boards and the Village Panchayets from the beginning of the next calendar year. The Presidents of District Boards are therefore requested to take necessary action to give effect to the transfer with effect from 1st January 1920 and for constituting Sub-Committees of the District and the Taluk Boards for the conduct of work relating to economic improvement as per para 9 of the Order of the 12th July 1919. The existing District and Taluk Progress Committees will cease to work as separate bodies with effect from 1st January 1920. The post of the Secretary to the District Committee will be abolished from the same date, the work being now done by him being transferred to the Vice-President of the District Board for the present.

3. Necessary action is also being taken to amend the Municipal Regulation so as to give effect to the directions contained in para 9 of the order read in the preamble, *viz.*, that in cities and towns where there are Municipal Councils these bodies should undertake economic improvement work in the Municipal areas concerned. In the meantime, and until the Regulation is amended, Government are pleased to direct that the Presidents of the City and the Town Municipal Councils should at once undertake to have special Sub-Committees of the Municipal Councils constituted for dealing with development work in the areas subject to their jurisdiction.

4. The proceedings of the meetings of the District Boards and the Municipal Councils should be forwarded to the Economic Development Board within one week after the meetings are held. A detailed report of work done in the districts and the Municipal areas should also be submitted to the Economic Development Board once every quarter. In the case of the town Municipal Councils, however, copies of proceedings of meetings and quarterly progress reports will be sent to the office of the President of the District Board in the first instance where the reports from all Municipal Councils will be consolidated and a statement compiled and forwarded to the

Economic Development Board. The arrangements made for constituting suitable Sub-Committees consisting of members of the District Boards and others for dealing with economic subjects, for holding periodical meetings of such Committees and for the final disposal of recommendations and schemes submitted by these should be reported for the information of Government.

5. The unexpended allotment in the Conference Budget for District Committees will be transferred to the District Boards. The Presidents of District Boards will exercise the same powers in regard to expenditure as those exercised by them as Presidents of the District Committees.

6. Separate orders will issue regarding the establishment required for the several offices.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Mysore Economic Conference.
The Secretaries of Central Committees.
The Secretary, Board of Scientific Advice.

The Comptroller to Government of Mysore.
The Heads of Departments.
The Presidents of Bangalore and Mysore City Municipalities.

Exti.—C. R.

No. Fl. 3748-97—G. F. 5-19-9, dated 19th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 100-149—G. F. 5-18 1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No Fl 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 3748-97—G. F. 5-19-9, dated 19th December 1919.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of December 1919, to the employees in the two Cities of Bangalore and Mysore and to those in the several taluks in the State as noted in Annexures A and B appended to this order and as indicated below:—

(*a*) To the employees in the taluks in Annexure A, the allowance will be at the following rates:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem, Re. 1.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(*b*) To the employees in the Cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

ANNEXURE.

RULES FOR COMMUTATION OF PENSIONS.

1. Subject to the conditions stated in these rules, Government may sanction the commutation for a lumpsum payment of a portion not exceeding one-fourth of a pension which has been or is about to be granted to any person. The privilege of commutation will not be permitted in the case of pensions not exceeding Rs. 10 per mensem.

2. The commuted amount is payable at the Treasury at which the pension is being or is to be drawn.

3. Sanctions to commutation of pensions are subject to the rule that the expenditure can be met from sanctioned budget grants.

4. The payment of capitalized sum must be taken from a Treasury in the State.

5. Application for commutation shall be made in Form "A" appended to these rules. The applicant for commutation should satisfy Government:—

i. That the commutation will be to the distinct and permanent advantage of himself or his family.

ii. That the residue of pension which will be left after commutation will be sufficient to maintain him in accordance with his station in life in retirement, due regard being had to the manner of application of the amount realized on commutation.

Government may also at its discretion require guarantees and impose such terms and safeguards as it may deem fit to ensure the prudent application of the amount payable in commutation, if sanctioned.

6. If on consideration of the facts stated in the application, Government decide to allow commutation, the applicant will be required to produce a certificate as to his expectation of life from a Government Medical Officer of not lower standing than a District Medical Officer. Government may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

7. The certifying Medical Officer or Board may subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in the State Insurance and will report in the following form:—

"$\frac{\text{I}}{\text{We}}$ have carefully examined..... and $\frac{\text{am}}{\text{are}}$ of opinion that he $\frac{\text{is}}{\text{is not}}$ in good bodily health and $\frac{\text{has}}{\text{has not}}$ the prospect of an average duration of life. $\frac{\text{I}}{\text{We}}$ therefore $\frac{\text{do}}{\text{do not}}$ recommend compliance with his application to be allowed to capitalize a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added:—

"but as he is suffering from.....his age for purposes of commutation, should be taken to be ..... years."

In the case of an applicant who has been awarded on invalid pension, the grounds of invaliding or the statement of the pensioner's medical case should be communicated to the certifying medical authority.

The applicant should himself pay the medical officer's fee for examination except when a second medical opinion is required or the applicant is directed to appear before a Medical Board, in which cases the examination, will be made free of charge by medical officers under the orders of Government.

8. The lumpsum payable on commutation will be the amount certified by the Audit Officer to be admissible according to the table of present values in Appendix D, Mysore Service Regulations.

9. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which should ordinarily be about one month later than the date of the order, and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

10. A commutation once applied for, sanctioned and given effect to, cannot be rescinded, *i.e.*, the portion of a pension commuted cannot be restored on refund of its capitalized value.

11. If a pensioner, whose pension has been commuted, dies before receiving the commutation value, this value is payable to his heirs.

12. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund and who commutes a portion of his pension before or after such re-employment his pension for purposes of the rules in Chapter XX, Mysore Service Regulations shall be taken at the full amount which he might have drawn if he had not commuted a portion of it.

FORM "A".

I..... .....desire to commute a portion of my.....pension of Rs.....as.....ps,..... a month. After careful consideration I am convinced that it will be to the distinct and permanent advantage of myself and my family to apply, as I am resolved to do, the commuted value in the manner detailed in the separate assigned statement I have attached hereto. I also certify that I have correctly answered each and all of the questions below:—

Place.....
Date.....

Signature.....
Designation.....
Address.....

N.B.—1. In the absence of a definite purpose no portion of the pension can be commuted.
2. The grounds for believing that distinct and permanent advantage will be secured should be stated

Questions	Answers
1. What is the date of your birth?	
2. How much of your pension do you wish to commute?	
3. Have you any debts or liabilities? Give particulars.	
4. Have you a wife? Name the members of your family dependent on you with their respective ages.	
5. What was your monthly income from all sources during the past year? Give particulars.	
6. Do you suffer from any complaint likely to shorten life? If so, state its nature.

The Late Rai Bahadur Mr. P. Krishna Rao's Chattram near the French Rocks Railway Station.

No. 1919-21—Muz. 336-19-2, dated 30th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 3668-72—Muz. 684-18-2, dated 26th May 1919, directing that the chattram near the French Rocks Railway Station and Sri Anjaneyaswami temple at Chitaldrug built by the late Rai Bahadur Mr. P. Krishna Rao be taken under Government management and that the endowment of Rs. 5,000 in War Bonds made by Mr. P. Raghavendra Rao, Member of Council, for their upkeep, be accepted and calling for definite proposals from the Muzrai Superintendent about the distribution between the temple at Chitaldrug and the chattram at French Rocks of the income that may be derived from the endowment.

2. Note No. R. C. 32, dated 8th December 1919, from the Muzrai Superintendent in Mysore, proposing a scale of expenditure for the chattram.

NOTE.

Subject.—Fixing a scale of expenditure in the chattram near the French Rocks Railway Station and Sri Anjaneyaswami temple at Chitaldrug built by the late Rai Bahadur Mr. P. Krishna Rao.

With reference to para 4 of Government Proceedings No. 3668-72—M. F. 684-18-2, dated 26th May 1919, I beg to submit herewith proposals about the distribution of the income that may be derived from the endowment made by Mr. P. Raghavendra Rao between the chattram at French Rocks and the temple at Chitaldrug.

2. These proposals have been concurred in by Mr. P. Raghavendra Rao, the donor. The Deputy Commissioner of Mysore, who was also consulted as regards the suitability of the scale of expenditure of the chattram has approved of the same.

3. In these circumstances, I request that sanction of Government may be accorded for these scales being brought into force with effect from the 1st January 1920.

NOTE.

Fixing a scale of expenditure in the chattram near French Rocks Railway Station.

With reference to the marginally noted Government Orders transferring the Anna-chattram at Chinkurli to French Rocks and its location in the late Rai Bahadur Mr. P. Krishna Rao's chattram near the Railway Station, I beg to submit herewith proposals for utilizing the grant of the Chinkurli Chattram and the annual interest accruing on the endowment made by Mr. P. Raghavendra Rao.

· No. 2276-78—M. F. 41-18-2, dated 11th February 1919.
No. 3668-72—M. F. 684-18-2, dated 26th May 1919.

2. The chattram at Chinkurli had a cash grant of Rs. 862-8-0 a year, and the following assignments have been already made :—

	Rs.	a.	p.	
(*a*) Lump sum grant to Sri Gopala Krishnaswami temple at Tonnur	120	0	0	
(*b*) Nehimi to the late Paricharak of the Krishnarajpete Chattram	30	0	0	
(*c*) Contribution to Muzrai Establishment Fund (in the order of 11th February 1919, 6¼ per cent has been mentioned, but this has since been reduced to 3⅛ per cent)	27	0	0	
Total ..	177	0	0	a year.

3. This leaves a sum of Rs. 685-8-0, available for expenditure. A sum of Rs. 60 is available in addition, for in the revised scale of expenditure in the Government Anna-chattram at Seringapatam (*vide* Proceedings No. 883-85—M. F. 32-18-2, dated 12th September 1918) a provision of Rs. 60 a year for feeding in this chattram during the Vairamudi season has been made.

No. 1919-21—Muz. 336-19-2, dated 30th December 1919.

4. The endowment made by Mr. Raghavendra Rao yields an annual interest of Rs. 250 at 5 per cent, and out of this sum, Rs. 100 may be utilized for the chattram and the balance of Rs. 150 left for the benefit of the Anjaneya temple in Chitaldrug town.

5. The total sum available is

Rs.	a.	p.	
685	8	0	Balance of Chinkurli Chattram Tasdik
60	0	0	Re-appropriation
100	0	0	Endowment
845	8	0	

and the following scale may be fixed—

(*a*) *Establishment.*

(i) Allowance to Taluk Head Gumasta or Gumasta to supervise the chattram affairs, maintain accounts, etc.	4	0	0	
(ii) Cook	10	0	0	
(iii) Paricharak	8	0	0	
(iv) Sweeper and kavalgar (the present man to be continued)	6	0	0	
Total ...	28	0	0	a month.

Servants (ii) to (iv) to be fed once a day when *santarpanes* are conducted in the chattram.

(*b*) *Nityakatle.*

(i) Daily *santarpane*	30	0	0	
(ii) Contingencies, etc.	1	0	0	
Total ...	31	0	0	a month.

(*c*) *Ilechukatle.*

(i) Additional allotment for feeding during Vairamudi, Krishnarajamudi, Sri Ramanujachariyar's Tirunakshatram	75	0	0	
(ii) Whitewashing, potty repairs, etc.	22	8	0	
Total ...	97	8	0	a year
(*d*) Miscellaneous	Nil.			
(*e*) Reserve	40	0	0	
Grand Total ...	845	8	0	

6. The above proposals may be brought into effect from 1st January 1920, by which time it is hoped the repairs to the chattram buildings will have been partly finished.

7. A few local gentlemen who are likely to evince interest in the chattram affairs may be appointed as Dharmadarsis.

Order No. 1919-21—Muz. 336-19-2, dated 30th December 1919.

The proposals are sanctioned.

2. The Deputy Commissioner is requested to suggest the names of a few gentlemen for appointment as Dharmadarsis of the institution.

T. E. JEYARAM AIYAR,
Secy. to Govt., Muz. Dept.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Mysore District.
The Comptroller to Government.

Exd.—C.R.

Sri Anjaneyaswami Temple at Chitaldrug.

No. 1922-4—Muz. 335-19-2, dated 30th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 3668-72—Muz. 684-18-2, dated 26th May 1919, directing that the chattram near the French Rocks Railway Station and Sri Anjaneyaswami temple at Chitaldrug, built by the late Rai Bahadur Mr. P. Krishna Rao, be taken under Government management and that the endowment of Rs. 5,000 in War Bonds made by Mr. P. Raghavendra Rao, Member of Council, for their upkeep be accepted and calling for definite proposals from the Muzrai Superintendent, about the distribution between the Chitaldrug temple and the chattram at French Rocks of the income that may be derived from the endowment.

2. Note No. R. C. 32, dated 8th December 1919, from the Muzrai Superintendent, submitting proposals in respect of the Sri Anjaneyaswami temple at Chitaldrug.

Note.

Subject.—Fixing a scale of expenditure in the temple of Sri Anjaneyaswami in Chitaldrug town built by the late Rai Bahadur Mr. P. Krishna Rao.

The endowment of Rs. 5,000 in the shape of War Loan Bonds of 1920, made by Mr. P. Raghavendra Rao for the benefit of the above temple and the chattram near the French Rocks Railway Station yields an annual interest of Rs. 250 and definite proposals for the utilization of this income have been called for in para 4 of Government Proceedings No. 3668-72—M. F. 684-18-2, dated 26th May 1919.

2. In connection with the fixing of a scale of expenditure in the chattram, it has been proposed that out of the annual income of Rs. 250, a sum of Rs. 100 may be utilized for chattram purposes and the balance of Rs. 150 left over for the benefit of the temple.

The following scale may be fixed:—

		Rs.	a.	p.	
(i) *Establishment*—					
(*a*) Archak (the present man to be continued)	..	5	0	0	
(*b*) Sweeper	..	1	0	0	
Total	..	6	0	0	a month.
(ii) *Nityakatle*—					
(*a*) Rice for neivedya at half a seer a day	..	2	8	0	
(*b*) Oil for deepa	..	2	0	0	
(*c*) *Pujadravya*	..	0	8	0	
Total	..	5	0	0	a month.
(iii) *Hetchukatle*—					
(*a*) His Highness the Maharaja's Birthday	..	1	0	0	
(*b*) Hanumantha Jayanthi.. ..	..	2	0	0	
(*c*) Purchase of clothes, etc. ..	..	5	0	0	
Total	..	8	0	0	a year.
(iv) Reserve for repairs, etc.	..	10	0	0	
Grand Total	..	150	0	0	a year.

3. As the income of the institution exceeds Rs. 100, this may be treated as a "Minor temple" and a few Dharmadarsis may be appointed to supervise the affairs of the Institution under Section 15 (B rules) of the Muzrai Regulation.

4. The above scale of expenditure can be brought into force with effect from 1st January 1920.

Order No. 1922-4—Muz. 335-19-2, dated 30th December 1919.

The scale of expenditure proposed by the Muzrai Superintendent is suitable and is sanctioned with effect from 1st January 1920.

No. 1922-4—Muz 335-19-2, dated 30th December 1919.

2. The Deputy Commissioner, Chitaldrug District, is requested to appoint in consultation with the Muzrai Superintendent, a set of Dharmadarsis under the rules framed under the Muzrai Regulation.

T. E. JEYARAMA IYER,
Secy. to Govt., Muz. Dept.

To—The Muzrai Superintendent in Mysore.
The Comptroller to Government.

No. 1857-9—Muz. 111-19-4, dated 18th December 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. O. C. 1860 of 18-19, dated 29th September 1919, from the Deputy Commissioner, Tumkur District, recommending sanction to the levy of fees, as noted in the margin, in the Sri Subrahmanyaswami temple at Nagalmadike, Pavagada Taluk, to supplement the income of the institution; and to the investment of the sum of Rs. 5,000 at the credit of the temple in bonds of 5½ per cent.

Scale of fees.

		Rs.	a.	p.
1.	Huttu Kudalu ...	0	8	0
2.	Nagaprathiste ..	5	0	0
3.	Abhishekam ...	0	8	0
4.	Uthsavam ...	1	0	0
5.	Sahasranamarchane ...	0	8	0
6.	Ashtothara puja ...	0	4	0
7.	Upanayanam ...	2	0	0
8.	Marriage ...	3	0	0
9.	Rudrabhishekam ...	0	12	0
10.	Cocoanut (each) ...	0	0	3

Order No. 1857-9—Muz. 111-19-4, dated 18th December 1919.

The scale of fees, as noted above, proposed to be levied in the temple, is sanctioned from the next official year.

2. The amount of Rs. 5,000 at the credit of the temple may be invested in the Government Savings Bank in accordance with Government Order No. 298-308—Muz. 608-16-2, dated 22nd July 1918, passing orders in the matter of investment of surplus funds of Muzrai Institutions.

Telephone Systems in the Bangalore and Mysore Cities.

No. E. D. S. 445-50, DATED 29TH DECEMBER 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Notes No. C. P. S. 96, dated the 12th August and No. C. P. S. 120, dated the 11th September 1918, by the Public Works Secretary, submitting, for sanction, three estimates aggregating Rs. 2,44,000, for overhauling the telephone systems in Bangalore and Mysore Cities and for establishing a long distance telephone between these two Cities for State and public purposes.

2. Further notes by the same officer on the above subject :—,
No. C. dated the 20th November 1918, submitting alternative proposals.
No. C. P. S. 167, dated the 4th December 1918.
Memos ending with No. E. D. S. 78, dated the 29th October 1919.

Order No. E. D. S. 445-50, dated 29th December 1919.

The telephone installations now in operation are:—

(*a*) The Bangalore local exchange with a switchboard for 60 connections;

(*b*) The Public Office exchange with 15 phones;

(*c*) The Mysore local exchange with 26 connections;

(*d*) The Bangalore-Mysore Palace Telephone system, with 7 phones in Bangalore and 6 in Mysore;

(*e*) The Mysore Palace local exchange with 29 phones; and

(*f*) The Electrical Department telephone system from Mysore to Krishnarajasagara and Hulhalli anicut to Sivasamudram, thence to Kankanhalli and on to Kolar Gold Fields and Bangalore, with a total number of 32 phones.

2. The present installations are obsolete in form and unsatisfactory in working. The standard of efficiency is low and calls for early improvement. The number of communications cannot be increased until the whole system is thoroughly overhauled, converted into a metallic circuit system and placed on a satisfactory working basis.

3. To remodel the system on up-to-date lines, the Chief Electrical Engineer submitted the marginally noted three estimates, aggregating Rs. 2,44,000, for completely overhauling the telephones in Bangalore and Mysore Cities and for establishing a long distance telephone between these two places.

(1)	Remodelling and making the Bangalore telephone system a central battery system with metallic returns	Rs. 1,17,000
(2)	Do do Mysore	„ 80,000
(3)	Long distance telephone line between Bangalore and Mysore	„ 47,000
	Total	„ 2,44,000

4. While these estimates were under consideration the Chief Electrical Engineer submitted alternative proposals, the object of which was to dispense with the construction of an independent trunk line between Bangalore and Mysore and to utilise, instead, the existing Bangalore-Mysore trunk connection with the public telephone exchanges in those places. By the adoption of this alternative, it was reported that there would be a saving of nearly Rs. 43,000 in cost.

5. Sanction of the Government of India has been obtained to the long distance telephone being opened for public use charging a certain fee therefor.

6. As the new sub-station is under construction near the Race Course at Bangalore City, it is considered desirable to locate the exchange in that station and to proceed simultaneously with the remodelling of both the Mysore and the Bangalore City systems.

7. Considering the advantages of a general telephone system both to the State and to the commercial concerns, Government are pleased to accord general administrative sanction to the alternative proposal, estimated to cost Rs. 2,01,040, with the direction that the work be taken up as soon as funds could be made available therefor.

8. The Palace system in Mysore City will continue to be independent and the use of the existing Bangalore-Mysore Palace trunk line for the general telephone service will be subject to arrangements being made to cut the direct line at both the local exchanges, so that communications may be transmitted between the Mysore and Bangalore Palaces without passing through the exchange boards.

9. The reconstruction of the Bangalore and Mysore local telephone systems should be proceeded with as rapidly as possible. As soon as it is completed and the local systems are placed on a thorough working order, the necessary arrangements should be made, with the approval of Government, to open the long distance telephone line for public use, charging a certain fee therefor.

10. Detailed estimate for each of the works as well as for the operation and maintenance charges should be submitted for formal sanction. A set of rules for working the systems on commercial lines should also be submitted for approval.
